

RECORD OF THE BROOKLINE SCHOOL COMMITTEE WORKSHOP HELD ON **TUESDAY, JULY 9, 2019** AT 2:00 PM IN THE WALSH SCHOOL COMMITTEE ROOM, 5<sup>TH</sup> FLOOR, TOWN HALL. STATUTORY NOTICE OF THIS MEETING WAS FILED WITH THE TOWN CLERK.

School Committee Members Present: Ms. Schreiner-Oldham (Chair), Ms. Federspiel (Vice Chair), Dr. Abramowitz, Ms. Charlupski, Ms. Ditzkoff, Mr. Glover, Ms. Monopoli, Mr. Pearlman, and Ms. Scotto. Also present: Mr. Bott, Ms. Normen, Dr. Gittens, Ms. Ngo-Miller, Mr. Lummis, Mr. Gillis, and Ms. Coyne.

Others Present: Pierce Principal Lesley Ryan Miller; Massachusetts Association of School Committees Field Directors Tracy O'Connell Novick and Kathleen Kelly; Attorney Liz Valerio; Ray Schleck (Harvard Doctor of Educational Leadership Program); David Lescohier (Advisory Committee School Subcommittee Member); John VanScoyoc (Town Meeting Member Precinct 13); and Jessica Wender-Shubow (Brookline Educators Union President).

Ms. Schreiner-Oldham called the meeting to order at 2:00 PM.

## **1. ADMINISTRATIVE BUSINESS**

### **a. Consent Agenda**

#### **ACTION 19-70**

On a motion of Ms. Schreiner-Oldham and seconded by Ms. Federspiel, the School Committee VOTED (Dr. Abramowitz abstained because she was not at the June 19, 2019 School Committee meeting) to approve the items included in the Consent Agenda.

- i. Past Record: June 19, 2019 School Committee Meeting
- ii. Brookline High School Project-Hill International, Amendment for Additional Services-Removal of Services/Preparation of MBTA Easement Documentation, \$18,253 (Attachment A)
- iii. Brookline High School Project-William Rawn Associates, Amendment 10 for Additional Services-Utility Expediter Services, \$26,000 (Attachment B)
- iv. Student Trip Applications: Brookline High School Alternative Choices in Education (ACE) Program to Appalachian Mountain Club Cardigan Campsites, New Hampshire; September 12, 2019-September 13, 2019 and September 26, 2019-September 27, 2019 (Attachment C)

## **2. PROPOSED EXECUTIVE SESSION**

By unanimous roll call vote at 2:05 PM, the School Committee entered into Executive Session, pursuant to Massachusetts General Laws chapter 30A section 21 (a) for the following purpose: Purpose 6, to consider the purchase, exchange, lease or value of real property because the chair declared that an open meeting may have a detrimental effect on the negotiating position of the public body (Newbury College, 129 Fisher Avenue, Brookline, Massachusetts; Maimonides School, 2 Clark Road, Brookline,

Massachusetts; and Rentals including 62 Harvard Street LLC, 62 Harvard Street, Brookline, Massachusetts; Related Beal, 24 Webster Place, Brookline, Massachusetts; Brookline Teen Center, 40 Aspinwall Avenue, Brookline, Massachusetts). Ms. Schreiner-Oldham announced that the meeting will reconvene in open session at the conclusion of the executive session. By unanimous roll call vote at 4:25 PM, the School Committee reconvened in public session.

**3. PRESENTATIONS AND DISCUSSIONS OF CURRENT ISSUES**

**a. Discussion of School Capital Project Status and Possible Timelines and Discussion and Possible Vote on Leases for Classroom and/or Office Space at Various Locations**

The School Committee started to discuss possible long-term capital options, but then agreed to move to the next agenda item and return to this discussion later in the meeting.

**b. Presentation, Discussion, and Possible Vote on School Committee Norms**

Massachusetts Association of School Committees Field Director Tracy O'Connell Novick provided a presentation on School Committee Norms (Attachment D). In her presentation, Ms. Novick discussed the Massachusetts Association of School Committees Code of Ethics, understanding and respect for roles (committee, individual member, and superintendent), School Committee responsibilities (goals, policy, personnel, budget), and operating protocols. Ms. Novick discussed strategies to balance being a parent of a student and a School Committee member, the School Committee's role with regard to curriculum and budget, use of social media, and the role of subcommittees.

The School Committee discussed whether to consider possible changes to the Brookline School Committee Roles and Norms approved in 2009. The School Committee agreed on the following: request that Ms. Novick send the School Committee examples from other districts; request that Ms. Coyne pull out sections of the Public Schools of Brookline Policy Manual that outline Chair responsibilities; and schedule discussion of the Roles and Norms for a future School Committee Workshop.

**c. Senior Leadership Updates**

**i. Coolidge Corner School Renaming Process**

Ms. Normen reported that Ms. Schreiner-Oldham sent a letter to the Chair of the Naming Committee regarding the School Committee recommendation that the Florida Ruffin Ridley School become the permanent name of the Coolidge Corner School. The August 1, 2019 School Committee Workshop Agenda may include a possible vote to direct staff to submit a Warrant Article for the Fall Special Town Meeting.

**ii. FY 2019 Budget Close**

Ms. Normen provided an update on the FY 2019 Budget close (Attachment E). She discussed the structural deficits in the operating budget and revolving funds. The FY 2019 deficit was largely due to the following: 1) Funding the balance of cumulative

annual revolving fund deficits for Athletics (~\$280,000), Food Service (~\$350,000), and other funds (~\$150,000) and 2) Budgeting of additional compensation (stipends, overtime, etc.)~\$1.3m. Ms. Normen presented proposed transfers.

**ACTION 19-71**

On a motion of Ms. Ditkoff and seconded by Dr. Abramowitz, the School Committee VOTED UNANIMOUSLY to authorize the transfer of up to \$51,919 to fund Special Revenue Accounts identified in the table in Attachment E.

**ACTION 19-72**

On a motion of Mr. Glover and seconded by Ms. Ditkoff, the School Committee VOTED UNANIMOUSLY to authorize the transfer of the balance of the FY 2019 Operating Budget to fund the remaining Food Service Revolving Fund deficit, as shown in Attachment E.

**ACTION 19-73**

On a motion of Mr. Glover and seconded by Mr. Pearlman, the School Committee VOTED UNANIMOUSLY to authorize the transfer of FY 2020 Operating Budget Funds less any student account debt payments to pay the balance of the Food Service Revolving Fund deficit effective July 1, 2019, as shown in Attachment E.

**iii. FY 2020 budget**

Ms. Normen provided an update on the FY 2020 budget, which will start the year with a deficit based on the previous transfer. She will be sending a communication to budget managers regarding the FY 2020 reduction in supplies and materials.

**iv. Food Service Budget and Transition Plan**

Mr. Gillis reported that the new Food Service Director Sacha Palmer (introduced at the beginning of the meeting) has started. Ms. Palmer has been looking into possible participation in a collaborative to reduce our costs and sought out an estimate to update the webpage.

Mr. Gillis referred to a spreadsheet showing FY 2020 Food Service projected revenue and expenditures (Attachment F). The projected expenditures include some one-time costs, e.g., purchase of a refrigerated van. The projected shortfall/subsidy is \$78,731. The projections indicate that it could be less expensive to bring the operation in house. Mr. Gillis explained when and where premium items will be offered. The School Committee discussed what would be needed to put in place parent/guardian caps on student expenditures, e.g., software update, training, and communication with parents/guardians, students, and other staff.

**d. Discussion of School Capital Project Status and Possible Timelines and Discussion and Possible Vote on Leases for Classroom and/or Office Space at Various Locations**

The School Committee resumed its discussion of possible long-term capital options (Attachment G). Options 1 and 2A were rejected by the voters on May 7, 2019. The consensus of the Capital Improvements Subcommittee (June 19, 2019 meeting) was to eliminate options that would change the pedagogical model, i.e., town-wide middle school or town-wide PreK.

**ACTION 19-74**

On a motion of Ms. Charlupski and seconded by Ms. Scotto, the School Committee VOTED with 8 in favor, 0 opposed, and 1 abstention (Mr. Glover) to remove Options 3A and 3B (Town-wide Middle School) from consideration at this time.

The School Committee discussed Option 4 (Expand in Place). While it was noted that schools with four or five sections can under certain circumstances work well, most members felt that it is preferable to have fewer sections and did not support this option. Members noted that this would not preclude options that might include a four- and/or five-section school, but would mean that we do not want to affirmatively pursue a system of four- and five-section 800-1,000 student schools in lieu of pursuing a location for a ninth school.

**ACTION 19-75**

On a motion of Ms. Ditkoff and seconded by Ms. Scotto, the School Committee VOTED with 8 in favor, 0 opposed, and 1 abstention (Dr. Abramowitz) to remove Option 4 (Expand in Place) as the district's lead option to pursue at this time (would not preclude modifications to any one school that might increase it to four or five sections).

The School Committee reviewed the proposed timeline for capital projects, including short-term options and long-term options presented to the Capital Improvements Subcommittee on June 16, 2019 (Attachment H).

School Committee members suggested further discussion and public input on a number of items: whether to pursue a system of ten schools that are, in general, smaller; the need to develop a school assignment plan; whether to pursue use of Old Lincoln School as a two-section ninth school on a temporary or permanent basis; the possibility of making Old Lincoln School or a possible tenth school a choice school, e.g., arts, language immersion. Members requested the following information before the next meeting: how a choice school might or might not be able to solve our capital problem and/or free up classrooms; how much enrollment would need to go up to not need more capacity, i.e., is there a risk of overbuilding.

The School Committee discussed the following scenario: request that the Select Board attempt to acquire a site for a ninth school, use Old Lincoln School as a ninth school on either an interim or long-term basis, pursue a four-section Driscoll project, and continue to pursue funding for the Pierce project. Some members did not favor using Old Lincoln School as a permanent ninth school and some were concerned that a choice school would not solve the district's capital problem and that placing it in a new school could create equity issues. The School Committee agreed to meet on Thursday, July 18, 2019, 6:00 PM-8:00 PM, to refine the options so that they can be presented to the community for discussion and input.

**4. POSSIBLE EXECUTIVE SESSION**

By unanimous roll call vote at 7:50 PM, the School Committee entered into Executive Session, pursuant to Massachusetts General Laws chapter 30A section 21 (a) for the following purposes: Purpose 3, to discuss strategy with respect to collective bargaining with the Brookline Educators Union, Unit A, Unit B, and Paraprofessionals because the Chair declared that an open meeting may have a detrimental effect on the bargaining or litigating position of the public body. Ms. Schreiner-Oldham announced that the meeting will not reconvene in open session at the conclusion of the executive session. By unanimous roll call vote at 9:15 PM, the School Committee reconvened in public session for the purpose of adjournment.

**5. ADJOURNMENT**

Ms. Schreiner-Oldham adjourned the meeting at 9:15 PM.

Respectfully Submitted,

Robin E. Coyne, Executive Assistant

# Roles and Norms

Brookline School Committee

July 9, 2019

# **Massachusetts Association of School Committees Code of Ethics**

## **Preamble**

The acceptance of a code of ethics implies the understanding of the basic organization of School Committees under the Laws of the Commonwealth of Massachusetts. The oath of office of a School Committee member binds the individual member to adherence to those state laws which apply to School Committees, since School Committees are agencies of the state.

This code of ethics delineates three areas of responsibility of School Committee members in addition to that implied above:

Community responsibility  
Responsibility to school administration  
Relationships to fellow Committee members

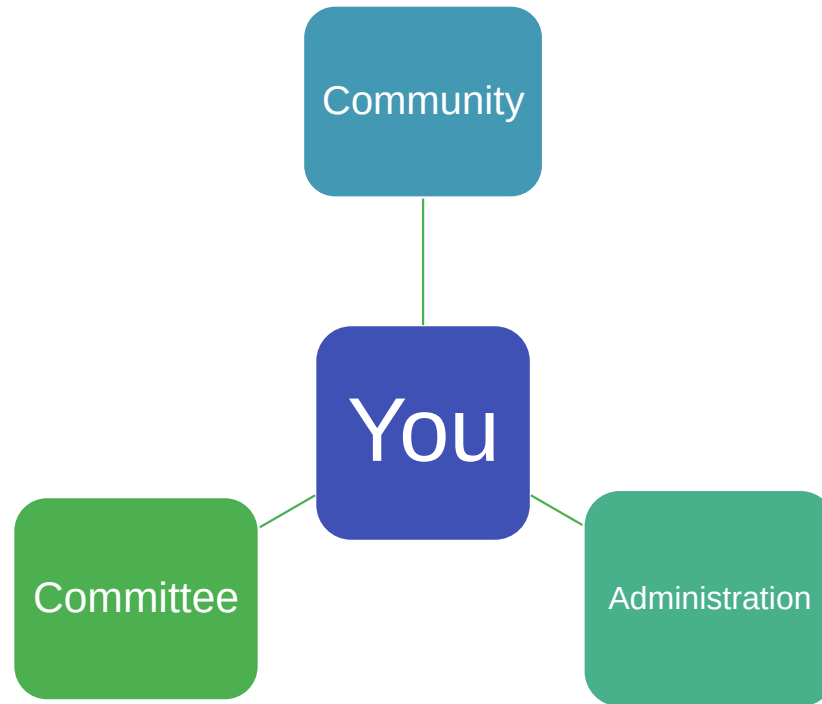

How much authority does an individual school committee member have?

**NONE**

Unless delegated by the committee

Only the committee meeting together in a properly posted meeting has any authority.

# Massachusetts Association of School Committees Code of Ethics

# Massachusetts Association of School Committees Code of Ethics

A School Committee member in their relations with **their community** should:

Realize that their **primary responsibility** is to the children.

Recognize that their basic function is to be policy making and **not administrative**.

Remember that they are **one of a team** and must abide by, and carry out, all Committee decisions once they are made.

Be well informed concerning the duties of a Committee member on both a local and state level.

Remember that they represents the **entire community** at all times.

Accept the office as a Committee member as means of unselfish service with no intent to "play politics," in any sense of the word, or to benefit personally from their Committee activities.

# Massachusetts Association of School Committees Code of Ethics

A School Committee member in their relations **with school administration** should:

Endeavor to establish sound, clearly defined policies which will direct and support the administration.

Recognize and support the **administrative chain of command** and **refuse to act on complaints as an individual** outside the administration.

Give the chief administrator **full responsibility** for discharging their professional duties and hold him/her responsible for acceptable results.

Refer all complaints to the administrative staff for solution and only discuss them at Committee meetings if such solutions fail.

# Massachusetts Association of School Committees Code of Ethics

A School Committee in his/her relations **with their fellow Committee members** should:

Recognize that action at official meetings **is binding** and that they alone cannot bind the Committee outside of such meetings

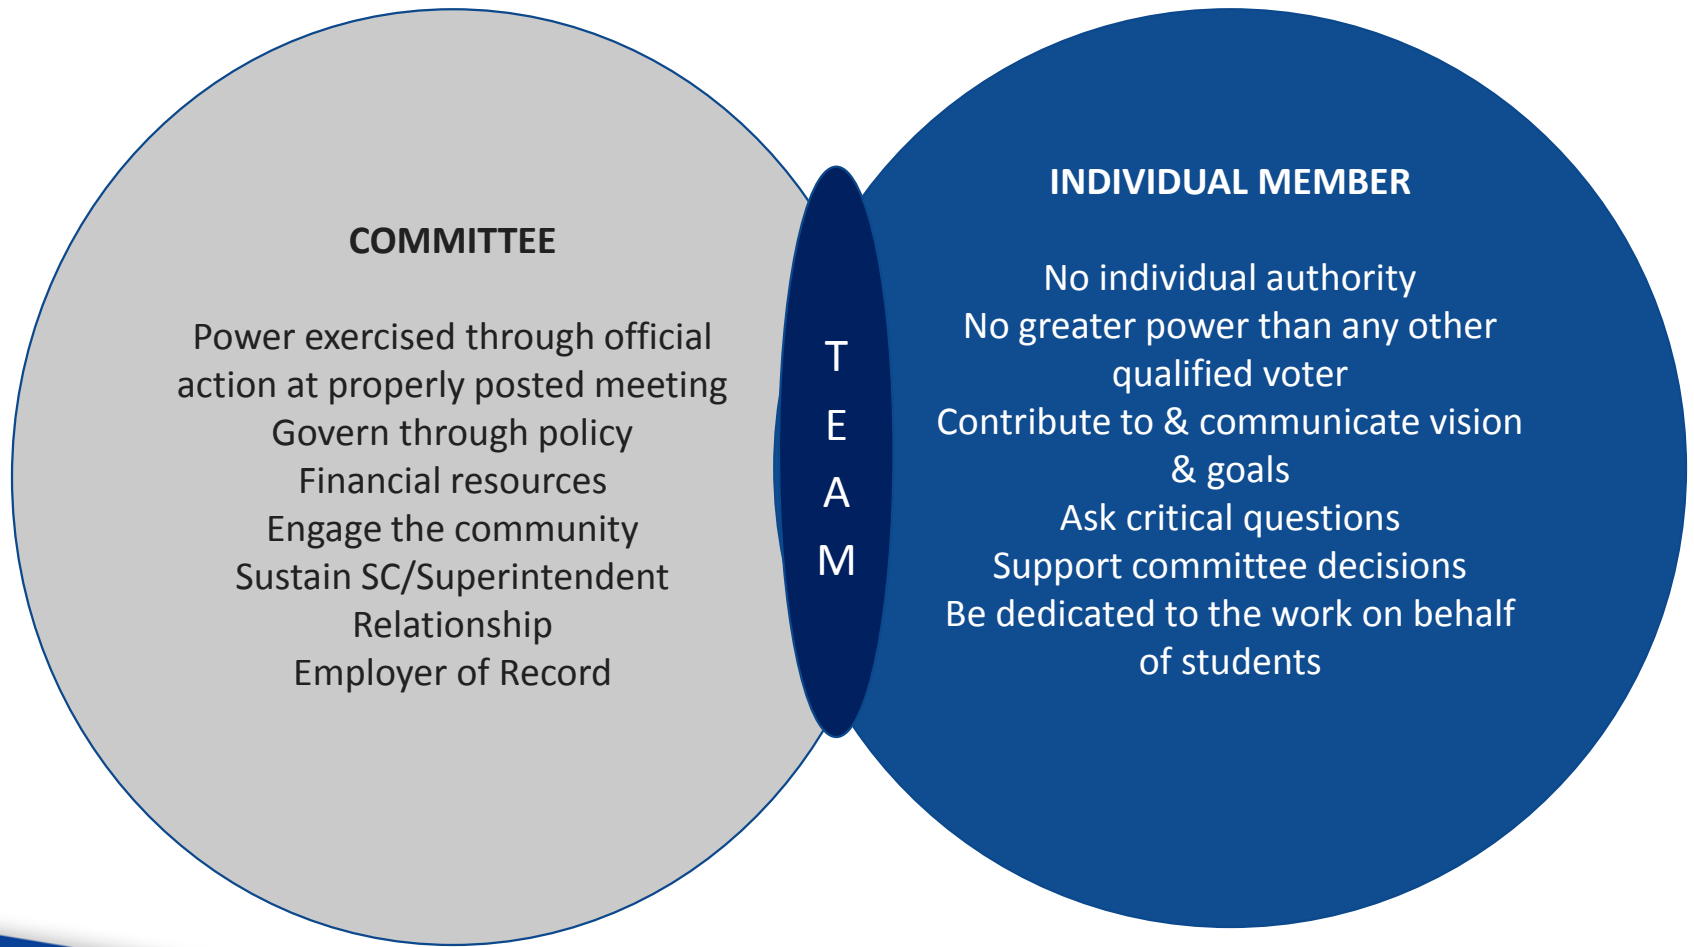

Realize that he/she should not make statements or promises of how they will vote on matters that will come before the Committee.

Uphold the intent of executive sessions and **respect the privileged communications** that exists in executive sessions.

Not withhold pertinent information on school matters or personnel problems, either from members of their own Committee or from members of other Committees who may be seeking help or information on school problems

Make decisions only after all facts on a question have been presented and discussed.

# Understanding & Respect for Roles

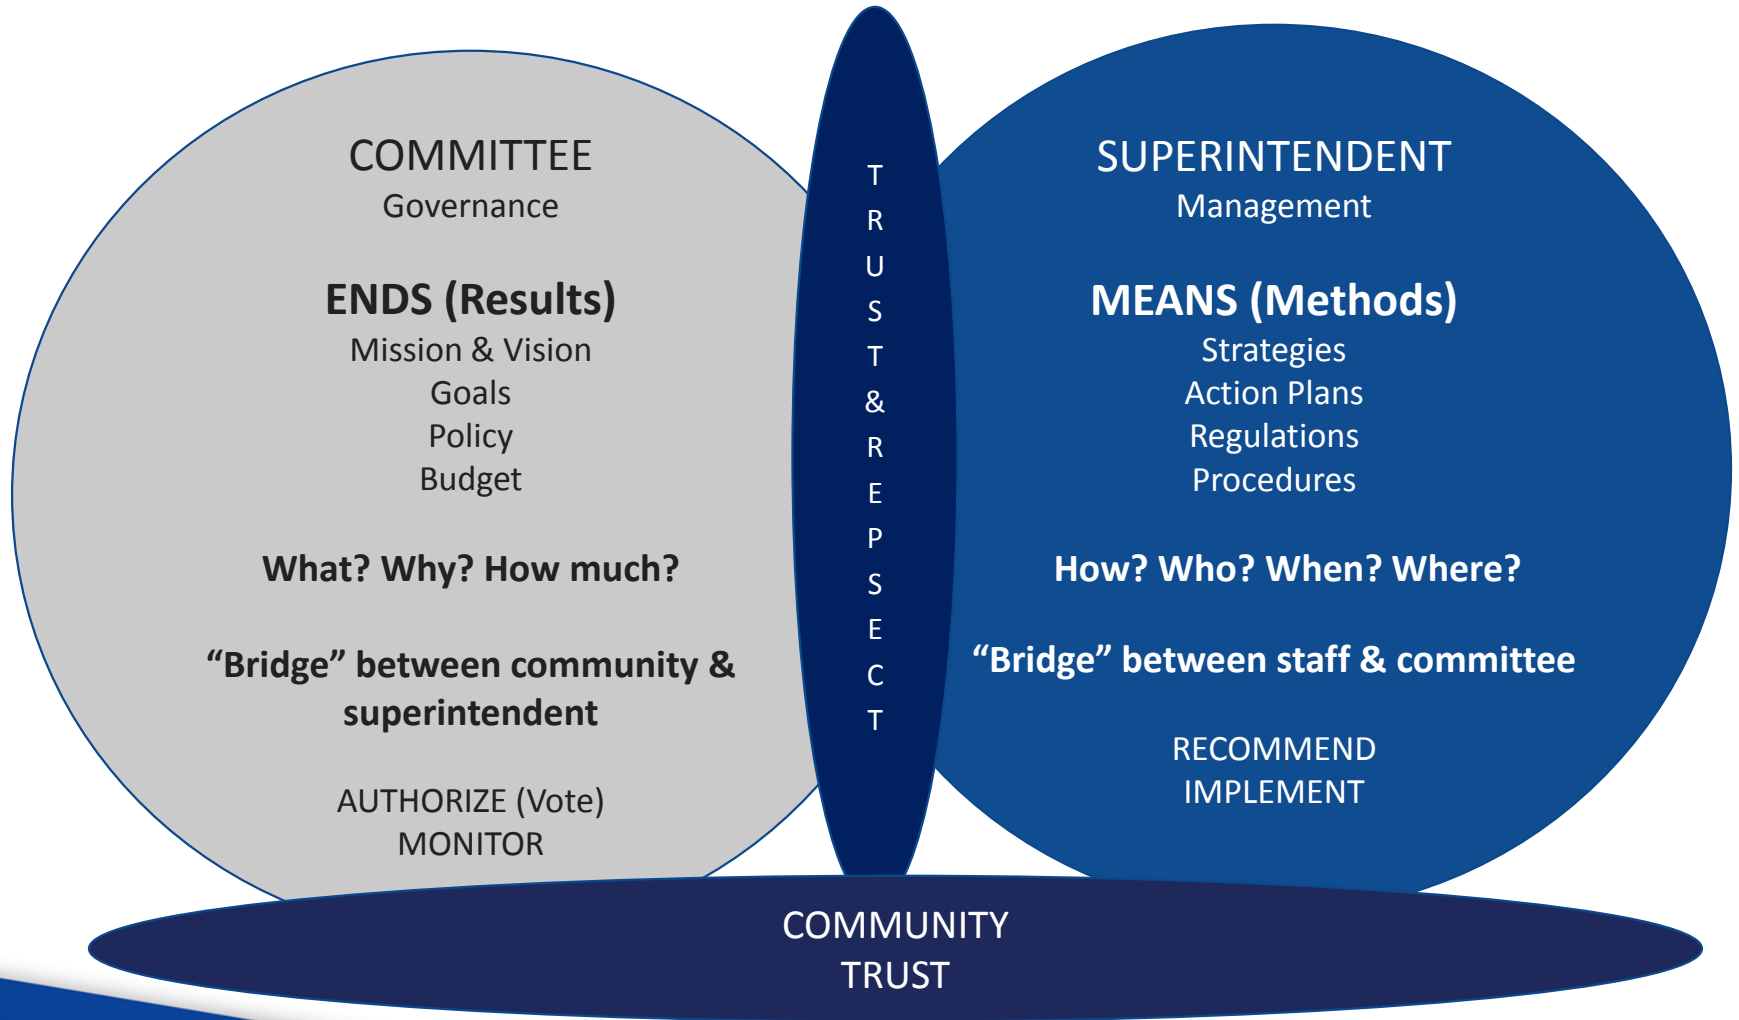

How many bosses does  
the superintendent have?

ONE

The full committee meeting in a properly posted meeting is the overseeing authority of the superintendent, **not individual members of the committee.**

- Must weigh competing concerns
- No expectations of privacy with constituents

# From Candidate to Colleague

## How does MY Committee work?

- Operating Protocols
- Respect for and from colleagues
- Chain of Communication
- Meeting Agendas
- Ongoing goals and issues
- Never forget the OPEN MEETING LAW

- The oversight of the school district is done by the body of the School Committee, not by individual members.
- The Committee is a governance board which must work as a single entity, even with disagreement.
- The Committee has the responsibility of policing itself to ensure that it is functioning as intended.

- Remember that they are **one of a team** and must abide by, and carry out, all Committee decisions once those are made.
- Be well informed concerning the duties of a Committee member on both a local and state level.
- Remember that they represent the **entire community** at all times.
- Accept the office as a Committee member as means of unselfish service with no intent to "play politics," in any sense of the word, or to benefit personally from his/her Committee activities.

A School Committee member in their relations **with school administration** should:

- Endeavor to establish sound, clearly defined policies which will direct and support the administration.
- Recognize and support the **administrative chain of command** and **refuse to act on complaints as an individual** outside the administration.
- Give the chief administrator **full responsibility** for discharging his/her professional duties and hold them responsible for acceptable results.
- Refer all complaints to the administrative staff for solution and only discuss them at Committee meetings if such solutions fail.

A School Committee in his/her relations **with his/her fellow Committee members** should:

- Recognize that action at official meetings **is binding** and that they alone cannot bind the Committee outside of such meetings
- Realize that they should not make statements or promises of how they will vote on matters that will come before the Committee.
- Uphold the intent of executive sessions and **respect the privileged communications** that exists in executive sessions.
- Not withhold pertinent information on school matters or personnel problems, either from members of their own Committee or from members of other Committees who may be seeking help or information on school problems
- Make decisions only after all facts on a question have been presented and discussed.

RE: FY 2019 4<sup>th</sup> Quarter Report - Year End Close

Since FY 16, the School Department has been communicating about the structural deficits in our operating budget and revolving funds. FY 19 continues this trend. While the district does make progress each year to address these issues, larger efforts are required to reduce this structural problem. The district can no longer carry the structural deficit problem by managing the deficit through attrition and unexpended expense lines. By FY 21, the district will need to receive an infusion of funds to solve the \$1.5 – to \$2.0 million gap as the structural deficit is in payroll related accounts, including stipends, additional compensation, and substitutes. These accounts directly impact service to students. The current balancing of the budget took valuable teaching resources from the expense budgets of all departments.

The crux of the ongoing deficit in FY 19 is two-fold.

1. Funding the balance of cumulative annual revolving fund deficits for Athletics (~\$280,000), Food Service (~\$350,000), and other funds (~\$150,000). Without these cumulative fund balance deficits, FY 19 would be in balance. This office has instituted a one-time fix in FY 20 that should prevent a repeat of this problem in the future, and
2. Budgeting of additional compensation (stipends, overtime, etc.)~\$1.3m.

The summary budget tables show how unplanned and unforecasted payroll, revenue, and revolving fund deficits can change the budget outlook in a matter of a few payrolls.

**School Committee Action Requested:**

Motion to approve the following transfer.

- Authorize the transfer of the balance of FY 19 Operating Budget to fund the Food Service Revolving Fund deficit of \$216,595.79.

#### 4th Quarter Financial Summary

In order to balance the FY 19 budget, including anticipated additional student services expenses, ~\$1.3 million was transferred from various accounts in order to ensure that enough resources are available to end FY 19 in no deficit. A full budget freeze began on January 25 and has continued through the end of the year. The budget closed as originally announced on May 1.

**Food Service Program Deficit:** The Food Service Revolving Fund ended the year with a deficit of \$291,843.56. The deficit balance consists of \$257,385 from prior years and a net program deficit of \$34,458 for FY19. An additional transfer of the balance once the FY 19 Operating Budget books are closed should bring the Food Service Program Deficit down to under \$75,000.

**FY 19 Budget Update/Status (\$254,699 Chapter 70 revenue & \$173,424 budget reduction)**

November 2018 Special Town Meeting voted to use FY 19 school funds to balance the FY 18 deficit. The district did not receive its share of \$254,699 in new Chapter 70 Aid and had a budget reduction of \$173,424 (Benefit Reserve and \$119k from Special Education Contingency) that would otherwise have been available to help manage the FY 19 budget deficit. While we believe, the state has made a promise of additional Circuit Breaker funds for FY 19, those resources have yet to be confirmed or materialize. The FY 18 Claims submitted by the Special Education Department only netted us \$81k over our FY 19 budget estimate. While great news, and the Office of Student Services is to be applauded for their work, that \$81K now has to be used to back fill the budget cut of \$119k to the special education contingency that was voted at the November 2018 Special Town Meeting to balance the FY 18 budget deficit.

The district has continued to operate in FY 19 with a structural deficit. Town revenue growth is not keeping pace with our expenditure needs. Identification of additional budget reductions is essential to balance the FY 19 budget. The causes of the FY 19 deficit are:

1. Revenue offsets that are no longer allowed or viable, first identified as problematic in FY 17 (\$358,680 – Other Revenue and \$150,680 BACE & Food Service Revolving Funds);
2. An increase in personnel costs, due to the 1-2% of growth due to positions added after budget vote;
3. Out of District Tuition expenses (16% increase over Budget FY 19); and

4. The ongoing structural deficit and revenue problems (collection and fee) in Athletics \$280,000 and Food Service (\$256,000 Cumulative; \$92,000 FY 19)
5. At the end of the freeze, the district transferred 10-12% from Expense Budget forcing a reduction (Supplies, Services, Other, Utilities, Capital).

**Out of District Tuition:**

Please refer to the memorandum attached regarding changes in out of district tuition. As of May 29, 2019, the projected deficit has been covered and the tuition budget is in balance as reflected in the budget summary tables on page 1.

ROUGH (WORKING) DRAFT FOR DISCUSSION PURPOSES – 7/9/19 update

## Timeline for Capital Projects- (June 19, 2019 Draft)

### Short Term Options under active consideration:

July 9<sup>th</sup> decision

1. Extension of some or all current leases (e.g., renting space from community institutions for BEEP and/or Town staff)

July 9<sup>th</sup> decision

2. Rental of some additional space (for example, Maimonides School) for short-medium term use (for K-8 grade spans, BEEP, and/or Town staff)

Fall of 2019

3. Re-consider and possibly reconfigure use of Town/PSB-owned property over the next 3-5 years (existing Baldwin School building, Kennard Rd, Lynch Center, OLS)

### Long Term Options under active consideration:

Begin process of eliminating options that School Committee won't support – July 9<sup>th</sup>.

Capital Subcommittee meetings August 13, 2019, September 10, 2019.

School Committee Hearing on September 12, 2019 and School Committee recommendation to the Select Board on Sept 26, 2019

1. Continue to actively identify and pursue any properties that may become available for a 2+++ or 3+++ K-8 elementary school.
2. Change pedagogical model, e.g., 1300 student 7-8 middle school on a new site; 900 student preK-K school on a new site (**this option did not receive broad support; at the last Capital meeting they were deprioritized based on an overwhelming straw poll of SC members**).
3. Consider larger expand in place options, e.g., 6 of 8 elementary schools growing to become 4-5 sections each (roughly 800-1000 students) each. While 4 and 5 section schools are part of the Brookline portfolio, there was not support to move actively towards a system of 6/8 schools being 800-1000 students each.
4. Continue active partnership with MSBA about Pierce renovation and expansion.
5. Active discussion of the status and possible timing of Driscoll renovation and expansion.
