
RECORD OF THE WORKSHOP OF THE BROOKLINE SCHOOL COMMITTEE HELD ON **MONDAY, JULY 10, 2017** AT 2:00 PM IN THE WALSH SCHOOL COMMITTEE ROOM, 5TH FLOOR, TOWN HALL. STATUTORY NOTICE OF THIS MEETING WAS FILED WITH THE TOWN CLERK.

School Committee Members Present: Mr. Pollak (Chairman), Mr. Glover (Vice Chairman), Mr. Chang, Ms. Charlupski, Ms. Ditkoff, Ms. Federspiel, Ms. Schreiner-Oldham, and Ms. Stram. School Committee Members Absent: Ms. Scotto. Also present: Mr. Bott, Ms. Dunn, Ms. Gittens, Mr. Zimmerman, Mr. Lummis, and Ms. Coyne.

Also Present for Item 1: Members of the Board of Selectmen: Chairman Neil Wishinsky, Ben Franco, Bernard Greene, Heather Hamilton, and Nancy Heller; Members of the Advisory Committee Ad Hoc Subcommittee: Chairman Sean Lynn-Jones, Carla Benka, John Doggett, and Fred Levitan.

Mr. Pollak called the meeting to order at 2:00 PM.

1. PROPOSED EXECUTIVE SESSION (Joint Executive Session with the Board of Selectmen)

By unanimous roll call vote at 2:00 PM, the School Committee (Mr. Pollak, Mr. Glover, Mr. Chang, Ms. Charlupski, Ms. Ditkoff, Ms. Federspiel, Ms. Schreiner-Oldham, and Ms. Stram); Board of Selectmen (Selectmen Wishinsky, Franco, Greene, Hamilton, and Heller), and Advisory Committee Ad Hoc Subcommittee (Mr. Lynn-Jones, Ms. Benka, Mr. Doggett, and Mr. Levitan) entered into Executive Session for Purpose 3, to discuss anticipated litigation strategy pertaining to the proposed 9th Elementary School at Baldwin. By unanimous roll call vote at 3:30 PM, the School Committee reconvened in public session.

2. ADMINISTRATIVE BUSINESS

a. Consent Agenda

ACTION 17-67

On a motion of Ms. Charlupski and seconded by Mr. Chang, the School Committee VOTED (Mr. Pollak abstained because he was not at the June 15, 2017 meeting) to approve the items included in the Consent Agenda.

- i. Past Record: June 15, 2017 School Committee Meeting
- ii. Out-of-State Student Trip: Brookline High School Grades 10-12 Steps to Success to Appalachian Mountain Club, Alexandria, New Hampshire; August 29, 2017-September 1, 2017 (Attachment A)
- iii. Out-of-State Student Trip: Brookline High School Grades 10-12 Alternative Choices in Education Program (ACE) to Appalachian Mountain Club, Alexandria, New Hampshire; September 14, 2017-September 15, 2017 and September 28, 2017-September 29, 2017 (Attachment B)

- iv. Out-of-State Student Trip: Boys Cross Country to Great American Cross Country Festival; Cary, North Carolina; October 6, 2017-October 8, 2017 (Attachment C)

b. Proposed Vote to Authorize a Member of the School Committee to Approve a Rooftop Solar Site Lease Agreement for the Runkle School
ACTION 17-68

On a motion of Ms. Stram and seconded by Mr. Chang, the School Committee VOTED UNANIMOUSLY to authorize Ms. Charlupski (and in her absence, Mr. Pollak) to approve a rooftop solar site lease agreement.

c. Proposed Vote to Accept Gifts

Ms. Charlupski referred to the July 3, 2017 memo from the Director of Operations and Facilities (Attachment D), which outlines a process for reviewing and approving proposed gifts to school operations and school buildings. A separate process will be established for Finance Subcommittee review of proposed cash donations to the district. Ms. Charlupski recommended that future requests be reviewed by the Capital Improvements Subcommittee before being presented to the School Committee for approval. The July 3, 2017 memo explains the purpose of each gift and source of funding, and indicates whether the gift is recommended by the Director of Operations & Facilities and Building Principal, and supported by the Facilities Director. A proposed gift of air conditioners is not being recommended at this time because of the potential strain on the electrical system and labor costs. The Capital Improvements Subcommittee will schedule a discussion of air conditioning needs throughout the district. The School Committee discussed the need to ensure that potential gifts do not create inequities among schools. The district needs to clarify the process for requesting capital items. It was noted that the two auditorium sound systems being proposed for replacement are quite old and not operating properly.

ACTION 17-69

On a motion of Ms. Charlupski and seconded by Mr. Pollak, the School Committee VOTED UNANIMOUSLY to accept the following gifts as recommended by the Director of Operations and Facilities, Building Principal, and supported by the Town Facilities Director: Shelving (Baker PTO); Painting (Heath Extended Day); Auditorium Sound System Improvements (Heath PTO); Desk (Janice Kahn); Auditorium Sound System Improvements (Pierce PTO); Breakroom Improvements (Pierce PTO and Atkinson Carpet and Flooring); and Refrigerator (Lawrence PTO), as shown in Attachment D.

3. REPORT ON 2016-2017 DISTRICT GOALS

Mr. Bott referred to his July 10, 2017 memo (Attachment E) and presentation (Attachment F) and provided an update on 2016-2017 Senior Leadership Priorities. He provided a summary of work identified in the summer of 2016 and evidence of progress in four areas: Collaboration and Teamwork, Instructional Leadership, Focusing on All

Students (“Every student, every day”), and Assessing and Aligning District Resources, Programming, and Policies. Mr. Bott described evidence of progress for ongoing high priority operational and strategic tasks for district leadership and School Committee tasks. He provided examples of work done during the year to address issues of race, diversity, and supporting all students and families, including revisions to School Committee policies, supporting staff and leaders (training, education, resources, and support), and school-based work (instruction and curriculum). Mr. Bott noted that these are examples, and that work has been done throughout the district. The work may vary depending on individual school needs, as identified by staff and school teams.

Mr. Zimmerman described the draft professional development schedule for Office of Student Services staff. Ms. Dunn explained how funds for professional development are distributed across the system. The policies and procedures for submitting budget requests for professional development need to be clarified and shared. Ms. Gittens described work she is doing this summer on School Improvement Plan (SIP) development. We want the SIPs to be living documents that align with our strategic goals and guide our decision-making. Mr. Bott then provided an overview of the strengths and challenges noted over the past year.

School Committee members expressed their appreciation to Mr. Bott and his team for the very thorough report and for all the work done over the past year

4. DISCUSSION OF 2017-2018 DISTRICT GOALS AND FINANCIAL PRIORITIES

Mr. Bott referred to his July 10, 2017 memo (Attachment E) and presentation (Attachment F) and provided an update on 2017-2018 Senior Leadership Priorities. The two overarching goals are as follows: 1) Brookline will provide resources to support exceptional and equitable outcomes for all our learners to succeed at high levels and 2) The Central Office will provide support necessary for Principals to be instructional leaders. Principals will support educators to meet the learning goals of all students.

The School Committee and senior staff focused on the goal of supporting principals and teachers to “meet the learning goals of all students,” and discussed the following: how to better meet individual student needs; how to show evidence of meeting minimum standards and beyond; defining high quality core instruction; addressing structural racism and unintentional bias – need to start in the early grades, possible review of classroom books; how to provide options for more students to engage in higher level learning and not get stuck in tracks; the need to address disparity in referrals to special education, particularly for students of color; the need to develop and share clear course descriptions/expectations; the importance of using professional development to support both new and experienced teachers; and the value of common planning time. School Committee members asked how we will hold ourselves accountable to these goals. What will success look like? Mr. Bott stated that this is a preliminary document and he will be adding adult actions and student outcomes.

Ms. Gittens described preliminary proposed priorities for the Office of Student Services in the following areas: 1) Strengthening high-quality core instruction; 2) Addressing structural racism and unintentional bias through a focus on instructional practice; 3) Developing a culture rooted in collaborative inquiry, 4) Math Program Review; and 5) Significantly improving professional development offerings. School Committee members suggested that the Math Program Review consider what has worked in other districts, in both the early and later grades. We need to challenge and support students.

Mr. Zimmerman summarized the preliminary proposed priorities for the Office of Student Services in the following areas: 1) Support high quality core instruction through training and professional development; 2) Establish clear operational procedures/guidelines; and 3) Collaborative Inquiry Review of Co-Teaching. He discussed work being done to enhance training and professional development and to establish clear operational procedures/guidelines (includes an operational review of the Brookline Early Education Program to ensure growing challenges regarding medical support and aide coverage are addressed). School Committee members recommended prioritizing communications with the Special Education Parent Advisory Council and parents of students in special education (regular communication that provide updates on our priorities and ongoing work), and noted the importance of providing training/support to general education teacher on issues related to special education.

Ms. Dunn explained the preliminary proposed Finance priorities in the following areas: Finance, Human Resources, and Operations. She referred to the Preliminary 2015 Override Study Review, Analysis, and Update (Attachment G). School Committee members requested that support and preparation of analyses for the override process be added to the list of priorities and asked whether the list is doable, given the amount of work that will be needed to support the override study process.

Mr. Lummis described the preliminary proposed Strategy and Performance priorities in the following areas: 1) Strategic Initiatives; 2) Performance and Information Management; and 3) Community Engagement. School Committee members noted the importance of communication with the larger community, not just the school community.

Mr. Bott noted next steps for senior leadership, which include the following: 1) Complete final review of identified priorities to ensure alignment with focus on developing instructional leaders and addressing equity; 2) Identify specific measurable goals and evidence of progress for identified priorities; 3) Develop timeline and implementation plan for 2017-2018 work; 4) Launch work with principals at July Leadership Team retreat – July 25-27; and 5) Communicate identified priorities as new school year begins and on an ongoing basis.

5. SUPERINTENDENT'S SELF-ASSESSMENT AND 2017-2018 GOALS

Mr. Bott talked about his accomplishments over the past year and his goals for the coming year. He spent a great deal of time in the fall listening and gained a better

understanding of the district and its challenges. He has tried to build positive, collaborative relationships with various groups, and will continue this effort. Mr. Bott described changes put in place to better support principals, including changes to the structure of team meetings. He would like to work more with principals on how they can best support teachers so that teachers can support students. Mr. Bott will continue his visits to schools, but would like them to be more deliberate. He would like to improve relationships with the unions. Mr. Bott described mentorship arrangements for new principals, which he would like to continue into the principals' second years. Mr. Bott stated that he will work to have more focused team time with senior leadership.

6. DISCUSSION OF 2017 SUPERINTENDENT EVALUATION

Mr. Pollak stated that the 2017 Superintendent Evaluation process was launched on June 12, 2017. An email was sent to all Public Schools of Brookline staff and parents/guardians describing the process with a link that enabled them to complete the feedback form online. Staff, parents/guardians, and other members of the public could also access the feedback form on the School Website. The deadline for submissions was June 30, 2017.

Mr. Pollak reported that there were 333 responses. Respondents were anonymous, but self-identified in the following categories (could choose more than one category): Parent/Guardian-208, Educator-101, Brookline Resident-50, Staff-43, PTO/Site Council-21, Community Leader-18, and Other Categories-6. The Superintendent's rankings did not vary much across the five sections (Instructional Leadership, Management, Family and Community Engagement, Professional Culture, and Overall Performance). The ranges were as follows: Exemplary – 29 to 32%, Proficient – 35-41%, Needs Improvement – 9-14%, and Unsatisfactory – 6-7%.

The feedback form provided space for comments. Some comments focused on a perceived lack of inclusiveness in the recent Runkle principal hiring. Many respondents spoke positively about Mr. Bott, noting his presence in the buildings, his engagement in teaching and learning, and his listening skills. Many people commented that it is difficult to evaluate a superintendent after only one year, and some said that they are looking forward to a clearer statement on Mr. Bott's vision for the district. Feedback from the Brookline High School community was generally very positive and supportive of Mr. Meyer's appointment as headmaster. There was praise for Mr. Bott's focus on issues of race and equity, although some expressed concern that this focus might take away from other educational objectives. There were both positive and negative comments regarding use of data and communications, and some negative comments on the budget development process and professional development offerings. Mr. Pollak stated that he will prepare a document that summarizes the comments.

As has been the practice for many years, the evaluation process included an interview-based component. The Chairman and Vice Chairman conducted the interviews, which involved roughly 1/3 of the Superintendent's direct reports. The interviewees were quite positive in their assessments of the Superintendent and expressed

the following: high level of appreciation for Mr. Bott's presence in the buildings; enjoy working with him; Mr. Bott is relatable and makes them feel comfortable; would like even more of his time; would like him to lean in more and provide more feedback on their job performance, but understand that this may be difficult, particularly in the first year; would like to have the whole team working together with the same methodology; sometimes bypass other administrators to deal with Mr. Bott directly; principals as instructional leaders is a new approach and requires adaptation from various constituencies; appreciates the weekly leadership meetings; the agendas could be more streamlined; appreciate Mr. Bott's personal warmth, honesty, and transparency; he has an enormous capability to bring things down to a few words; Mr. Bott is action oriented and is poised to move the district to where we want it to be.

In preparation for this Workshop, School Committee members were asked to think about the Superintendent's performance over the past year using the framework of the Department of Elementary and Secondary Education (DESE) Superintendent Evaluation rubric. The rubric looks at progress towards goals and performance in meeting the four standards: Instructional Leadership, Management and Operations, Family and Community Engagement, and Professional Culture. School Committee members offered comments (at a later date members will be asked to fill out the DESE rubric).

Ms. Stram: It would be helpful to synthesize the comments by parents/guardians and staff. She appreciates Mr. Bott's willingness to listen to feedback and admit when something isn't going right, and the example he sets for others in this regard.

Mr. Chang: The Superintendent has done a great job in his first year.

Ms. Charlupski: Mr. Bott has been exemplary in meeting his goals to have a presence in the schools and increase collaboration. She noted that he attended every important community event this year.

Mr. Glover: Mr. Bott's ability to be introspective, correct course, when necessary, and acknowledge that no one is perfect is a real asset and one that he models for others. He is excited to see the start and direction Mr. Bott has taken and looks forward to seeing how he will grow in this position. He appreciates the work that has been advanced on race and equity, and hopes it will continue.

Ms. Schreiner-Oldham: She has had the opportunity to see Mr. Bott's work from a number of perspectives (School Committee, PTO leadership, and parent). She appreciates his efforts to keep people informed, address concerns, and follow up on goals.

Ms. Ditkoff: It has been a pleasure to work with Mr. Bott. His orientation on all issues is what is best for kids. This shows up in many areas, including his Superintendent Reports, development of Educational Plans, and policy and program discussions. She

encouraged narrowing each division's priorities down to three or four primary items that will further the mission of doing what is best for kids. She commended the strides made this year in communication, particularly in response to incidents. It is important to frame the district's needs in terms of where we have been falling short, e.g., equity and math, and what we need to do to change this.

7. 2017-2018 SCHOOL SUBCOMMITTEE SCHEDULES AND PRIORITIES

Ms. Charlupski reported that the Capital Improvements Subcommittee will generally be meeting on the second Tuesday of each month from 4:00 PM to 6:00 PM. She will be scheduling a meeting in August. She referred to the proposed Capital Improvement Planning Schedule (Attachment H). The Capital Improvements Subcommittee will be reviewing reports that focus on the following: enrollment; attendance; classroom capacity; summer projects and the Capital Improvements Program; Brookline Early Education Program (BEEP) space needs, utilization, and growth management; long-range plan for leased space; long-range plan for rental of school-owned facilities; long-range plan for High School/Baldwin phasing; and donation and gift requests. The Finance Subcommittee will review staffing and operating needs related to new school space. The Curriculum Subcommittee will also be looking at BEEP space issues and the vision for our early childhood program.

Ms. Stram stated that the Finance Subcommittee will generally meet on Mondays from 8:30 AM to 10:00 AM starting in September, with an additional meeting being planned for August (specific dates will be emailed). Ms. Stram identified the Finance Subcommittee's priorities for the 2017-2018 year: provide planning and analysis to support community analysis of a possible override vote; continue to support Ms. Dunn in her efforts to enhance the transparency and clarity of the budget document; implement recently approved financial policies and craft and review additional financial policies, including policies on student field trips and student activities.

Planning and analysis related to the override will include a comparison of projected and actual expenditures for the past three years, five-year projected operating costs for new school space, and a comparison of past and current financial projections through FY 2020. Selectmen Franco and Hamilton are preparing for the establishment of an Override Study Committee. School Committee members suggested the following: that we prepare a list of programmatic changes and/or efficiencies that resulted in cost savings, e.g., purchasing Chromebooks instead of other, more expensive devices; note the district's efforts to increase budget transparency and accuracy; be careful when making assumptions about which numbers/percentages to include in the models; begin to prepare some analyses we anticipate the Override Study Committee will be requesting (Ms. Dunn noted that much of this work is already planned as part of the Budget document); and begin to develop preliminary assumptions, e.g., new costs to open a building and bring the students there, recommended student-staffing ratios, and percentage add-on for benefits.

Mr. Chang stated that the Policy Subcommittee will generally be meeting on Wednesdays from 8:30 AM to 10:00 AM (specific dates will be emailed). Mr. Chang stated that school leaders and groups are being asked for feedback on proposed changes to the Public Schools of Brookline (PSB) Wellness Policy. The proposed policy will be revised, if necessary, and then presented to the School Committee for a 1st Reading in September. Priorities for 2017-2018 include the PSB Policies on Food Services, Discipline, Attendance, Student Activities, and Field Trips. Mr. Bott asked that the Principal Search Policy be added to the list.

Ms. Charlupski stated that the Curriculum Subcommittee meeting dates will be emailed. Possible topics for the 2017-2018 year include the following: annual items such as the Brookline High School course catalog review, after-school contracts, math program review, continuing to build bridges and connections between the K-8 schools and the high school; defining core instruction; understanding and trying to close the achievement gap.

Ms. Stram noted the long list of priorities and encouraged the School Committee to focus on the priorities during meetings. Ms. Federspiel suggested that the School Committee consider if there are ways to improve communications with the community.

8. SCHOOL COMMITTEE SUBCOMMITTEE REASSIGNMENTS

Mr. Pollak announced Subcommittee assignments for 2017-2018: Capital Improvements Subcommittee (Ms. Charlupski, Chairman; Ms. Federspiel; Mr. Pollak; and Ms. Scotto); Curriculum Subcommittee (Ms. Scotto, Chairman; Ms. Charlupski, and Ms. Ditkoff); Finance Subcommittee (Ms. Stram, Chairman; Mr. Chang; Ms. Federspiel; and Ms. Schreiner-Oldham); Negotiations Subcommittee (Mr. Glover, Chairman, and Mr. Chang); Policy Review Subcommittee (Mr. Chang, Chairman; Mr. Glover; and Ms. Schreiner-Oldham). Liaison/Representative assignments are still being finalized.

9. NEW BUSINESS

There was no new business to discuss.

10. PROPOSED EXECUTIVE SESSION

By unanimous roll call vote at 8:45 PM, the School Committee entered into Executive Session for Purpose 3, to discuss strategy with respect to collective bargaining and potential litigation with the Brookline Educators Union. By unanimous roll call vote at 10:00 PM, the School Committee reconvened in public session.

11. ADJOURNMENT

Mr. Pollak adjourned the meeting at 10:00 PM.

Respectfully Submitted,

Robin E. Coyne, Executive Assistant
Brookline School Committee

PUBLIC SCHOOLS OF BROOKLINE

APPLICATION FOR ALL OUT-OF-STATE, OVERNIGHT FIELD TRIPS

Before the trip is announced to students, please submit this form to the Superintendent of Schools:

(a) three (3) months in advance if the trip is within the United States, or

(b) six (6) months in advance if the trip is out-of-the country.

For clarity, all forms are to be word-processed, NOT handwritten. To maintain the formatting, delete the lines.

TRIP LOGISTICS:

The Appalachian Mountain Club's (AMC) Youth Opportunity Program has offered PSB/STS a
no cost 4 day outdoor trip. YOP will provide everything at *no cost*.

1. Name of Field Trip: **Youth Mountain Adventure Program Trip 2017**
2. Educator Requesting Field Trip Approval: **JT Leno**
3. School: **District Wide** Grade Level: **10th -12th**
4. Have you reviewed the *School Committee Policy I 3 a. for School Sponsored Field Trips*? **Yes**
5. Have you reviewed the document "*Administrative Procedures for School Sponsored Field Trips*"? **Yes**
*If you need copies of the documents for #4 and #5,
contact the Office of Teaching and Learning at 617-730-2432.*
6. What is your destination? **Appalachian Mountain Club's Cardigan Mountain New Hampshire.**
7. What is the date and time you are leaving school?
The YMAP group will depart on 8/29/17 around 8AM. We will pick students up at their homes.
8. What is the date and time you are returning to school?
The YMAP group will return on 9/1/17 around 4PM. Students will be dropped off at their homes.
9. Do the dates of the trip conflict with any religious holidays or observances? **No.**
10. How many days will students miss from school? **No school days will be missed.**
11. How are students being transported (school bus, chartered bus, plane, rail, etc)?

Students will be transported by the BHS van.

*If students are traveling via bus, please complete the
Requirements for Field Trip Transportation via Bus form.*

12. How many students will be participating in the field trip? **9 Students**
13. What members of the student body are eligible for the trip?
Students in grades 10-12 who are enrolled in Steps to Success at Brookline High School.
14. How are students selected to participate in this field trip?
PSB Advisors will meet to discuss which students will benefit from the trip (in discussion with Steps to Success representatives), and would be available to participate. They will determine which students to invite and work with students and families to confirm participation.

PUBLIC SCHOOLS OF BROOKLINE

15. Where will students be staying?
Students will be sleeping in a lodge, hut and tents all sleeping quarters will be separated by female and male.
16. What are the names and cell phone numbers of the primary staff chaperones on the trip?
JT Lenocho: 617-259-5829
17. Other than those listed in #16 above, what are the names and roles (teacher, parent, etc) of other adult chaperones who will be on the trip?
Emy Takinami - Steps to Success College Success Initiative Advisor (STS employee)
Madeline O'Brien - STS volunteer

EDUCATIONAL RELEVANCE

18. What is the purpose of the trip and how does it relate to Brookline's Learning Expectations (K-8) or BHS Course Syllabi?
This trip relates to PSB District Goal 3 – Every Student Prepared for Challenge and Change. The trip is designed as a team building experience for students. They will learn about and practice Expedition Behavior (an awareness and attention to all relationships that influence an outdoor experience), develop backpacking skills, and have a summer experience in an outdoors environment that they have had limited exposure to previously.
19. Describe activities planned before the trip to prepare students:
Please see the FAQ, agenda, and information pamphlet attached.
20. Describe activities planned after the trip for students to wrap-up/reflect:
Following each day's activities, we process the highs and lows of the day, challenges faced and new things learned and review the next day's agenda. The last day we have a closing "circle" during which time we review the trip, check in on students how they are feeling, physically and emotionally.

ACCESSIBILITY AND STUDENT SAFETY

21. To what extent does the field trip group reflect the diversity of the school population? What efforts will be undertaken to ensure that, to the greatest extent possible, the participants in this field trip reflect the diversity of the school population?
The Summer Exploration trip will represent the diversity of the PSB student population, as participants will be students who are in the Steps to Success Program.
22. What measures are planned to ensure student safety on the trip, including chaperone coverage, student behavior contracts, etc.
Participating students and their parents must attend a pre-trip informational/organizational meeting. As a group we create a Full Values Contract that each student/staff will maintain throughout the trip. There will be 1 chaperone for 3-4 students. Chaperone JT Lenocho is certified in Advanced Wilderness First Aid and Chaperone Emy Takinami is a certified Wilderness First Responder. We have an emergency action plan for multi-day trips. Finally, each student and their parent/guardian will sign a behavior expectation contract.
23. What is the name and location of the medical facility closest to your destination?

PUBLIC SCHOOLS OF BROOKLINE

Speare Memorial Hospital, Plymouth Hospital

24. Will students be swimming? **There will be no swimming.**

25. If travelling outside of the United States, please attach the appropriate Department of State Advisory Review and Notification and a copy of Consular statement. **N/A**

FUNDING

26. What is the total cost of the trip? Please detail the major components of the trip below and provide a total. (*add/edit headings as necessary*)

3 nights Lodging including all meals and snacks	\$0
Travel:	\$0
Outdoor Gear	No cost
Admissions/Tickets	N/A
TOTAL:	\$0

27. How will the field trip be funded?

This trip is offered at no cost for PSB, STS students. This is the AMC's YOP Program called Youth Mountain Adventure Program.

28. What accommodations are made for students who cannot afford the expenses of this trip? Are partial and/or full scholarships available? **There is no cost to this trip**

29. If fundraisers are planned to help lower the cost of the trip for all students, please describe those plans here: **No fundraisers are planned for this year's trip.**

*If you need any assistance as you complete this application,
Please contact the Office of Teaching and Learning at 617-730-2432.*

Signatures:

Educator Requesting Field Trip Approval: **James T. Leno**, Date: **June 22, 2017**

Principal: Isis Cole Gittens, Date: 6/28/2017

2017 STS YMAP High School Adventure

Tuesday (8/29/17):

- 8AM: Pick up students (High Street Vets, 22 High Street, Egmont and Trustman)
- 9AM: Drive to AMC's Cardigan Lodge in Alexandria, NH
 - Bathroom break and gas break about 2 hours into trip
- 12:30PM: Arrive at Cardigan Lodge
 - Lunch
 - Review full value contract
 - Unload gear and equipment check
 - Tour of the lodge
- 4PM:
 - Short hike to Welton Falls
- 6:30PM: Dinner at Cardigan Lodge
- 7:30PM:
 - Process day with students/staff
 - Review next day's hike to Mt. Cardigan
 - Gear check list for the hike
- 9PM: Star gazing
- 10PM: Bedtime
- 10:30PM: Staff check-in
 - discuss next day hike and review Emergency Action Plan

Wednesday (8/30/17):

- 7AM: Wake up
- 8AM: Breakfast
- 9AM: Prepare for summiting Mt. Cardigan
 - Pack packs (what to pack discussion)
 - Prepare lunches
 - What to wear
 - Review students' full value contract, safety guidelines, water, water, water
- 4PM: Stay at AMC's High Cabin
 - Unpack
 - Relax until dinner
- 5PM: Dinner
- 7PM: Review next day agenda
- 8PM: Group games
- 9PM: Sleep
- 9:30PM: Staff check-in- review the next day's agenda

Thursday (8/31/17):

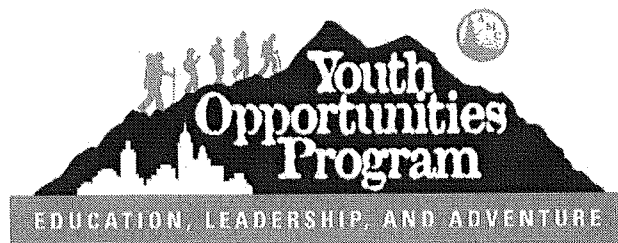

- 7AM: Wake up
- 7:30AM: Breakfast
- 9:30AM: Hike back down to Cardigan
- 11:30AM: Arrive at Cardigan to set up tents for the night

2017 STS YMAP High School Adventure

- *1:30PM:* Head to Newfound Lake for a day of canoeing
- *5PM:* Prepare and have dinner
- *8PM:* Group games
- *9PM:* Bedtime
- *9:30PM:* Staff check-in- review the final day's agenda

Friday (9/1/17):

- *7AM:* Wake up
- *7:30AM:* Breakfast
- *9:30AM:* Take down campsite
- *11AM:* De-issue gear
- *12PM:* Lunch
- *1PM:* Leave for Brookline: bathroom break and gas break about 2 hours into trip
- *4PM:* Return to Brookline and transport students home

Frequently Asked Questions about YMAP

WHERE ARE WE GOING?

On the morning of the first day of the trip we will meet at your agency to pack up the van before heading up to AMC's Cardigan Lodge in Alexandria, New Hampshire. We will spend the first night in the lodge. The second day we will either hike up to AMC's High Cabin on Mt. Cardigan and spend the night in this cabin or camp in tents at a campsite base of the mountain. For the last night we will camp at the base of the mountain. For more information about Cardigan Lodge please visit www.outdoors.org/lodging/cardigan

WHAT IS THE COST OF THE TRIP?

YOP requires a deposit of \$160 from the youth agency to reserve the trip dates. This deposit is refunded assuming that the trip does occur and at least 8 youth attend, and the YOP member leads another trip in 2016. Issues regarding agencies not receiving a full refund will be handled on a case by case basis.

HOW MANY YOUTH CAN I BRING?

The maximum number of total participants from an agency is 11, which includes 1 YOP-trained youth worker. AMC will have an instructor co-leading each trip in partnership with your staff. YOP requires that at least one YOP Member from the participating agency attend the trip. If you would like to send more than one staff s/he will be included in the maximum of eleven people allowed per agency. If another adult from the agency cannot attend, then the maximum number a group can bring is 10 participants.

WHO WILL BE LEADING THE TRIP?

A YOP staff will be leading the YMAP adventure in partnership with the participating YOP member, whom we expect to co-lead the trip. YOP staff are professional, dedicated, energetic, and talented leaders experienced working with youth. YOP members are responsible for supervising their youth, behavior management, and are expected to fully participate in all aspects of the trip. YOP members are highly encouraged to use this trip as a chance to get additional leadership experience, observe group management strategies, and gain confidence for future trips. Participating organizations may bring another adult to help with the management of group behavior. Talk to the YOP staff about how we can help you make the most of this opportunity for learning and fun!

WILL I NEED TO PICK UP GEAR AT YOP (TENTS, SLEEPING BAGS, ETC.) FOR MY YOUTH?

Unlike your own trips, we will take care of the equipment needs. At the pre-trip meeting all participants will be sized for equipment and gear, which will be issued upon arrival at Cardigan Lodge.

WHAT ABOUT FOOD AND WATER?

YOP will provide all of the meals and snacks during the trip. If there are any special dietary needs please make sure they are noted on the medical forms. Drinking water is available at Cardigan Lodge. Along the trail we will explain the dangers of drinking untreated water in the wilderness and practice treating our water so that it is safe to drink. There will be lemonade and powdered drink mixes for variety.

CAN WE GO SWIMMING?

There are opportunities to swim / wade at the areas around Cardigan Lodge. Youth will not be encouraged to exceed their ability.

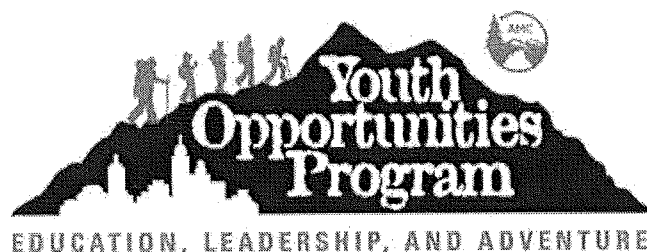

WHAT WILL WE DO DURING THE TRIP?

This trip is a great opportunity to learn and practice outdoor skills, including setting up campsites, cooking, hiking, and navigating. We will also be building leadership skills and coming together as a group for various games and activities. Each group will have the opportunity to hike, camp, canoe, swim, and explore. Being outdoors for four days is a great opportunity to begin understanding the natural world and our impact upon it.

WHAT CAN'T MY YOUTH BRING?

In order for all to enjoy the natural setting of the mountains, YOP asks that you have your youth leave the following at home: cell phones, iPods, MP3 players, handheld games, other electronics, and any other items you feel may be distracting. Of course, **alcohol, smoking, illegal drugs, and dangerous objects of any kind including knives are prohibited.** Cotton jeans, sweatshirts, and sweatpants should also stay at home for this trip.

Youth Mountain Adventure Program

YOP's Youth Mountain Adventure Program (YMAP) exposes youth ages 11-18 to the wonders of the outdoors by providing **FREE** outdoor adventures to Greater Boston area youth organizations. During the trips, the YOP instructor along with the YOP member aim to foster an appreciation for the environment, develop self-esteem, instill a spirit of adventure, and promote leadership. Activities include: Backpacking, Day Hiking, Canoeing, Teambuilding, and Campfires. Groups should include 8 or 9 youth and 2 adults, with one being a YOP member.

Transportation

A 12 passenger van is provided by YOP to and from your youth agency if in MA. Groups in other states may be accommodated.

Outdoor Equipment

All equipment and outdoor clothing is provided. YOP will manage the gear for the trip. You don't have to wash it! The agency is responsible for intentionally ruined or lost gear.

Instruction

The YOP staff are professional, dedicated, energetic, and talented leaders experienced in working with youth. You will co-lead with one YOP staff on your trip.

Food

Meals and snacks are provided!

Safety

Safety is a high priority. Participants are expected to work with staff to reduce risk and make the experience successful for all. AMC staff are trained in wilderness first aid.

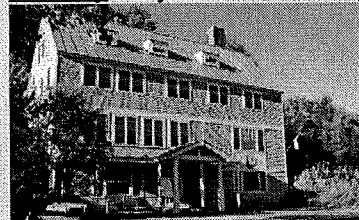

Trip Dates (Pre-Trip Meeting) for 2017

Tues. July 11 – Fri. July 14 (7/5)
Tues. July 18 – Fri. July 21 (7/10)
Tues. July 25 – Fri. July 28 (7/17)
Tues. August 1 – Fri. Aug. 4 (7/24)
Tues. August 8 – Fri. August 11 (7/31)
Tues. August 15 – Fri. August 18 (8/7)
Tues. August 22 – Fri. August 25 (8/14)
Tues. August 29 – Fri. September 1 (8/21)

All YOP Members are encouraged to apply. Agencies who best meet YMAP's goals, one of which is serving urban and low-income youth, will receive priority. YOP requires each agency to make a \$160 refundable deposit. The deposit will be refunded after: (1) YMAP trip takes place with the agreed upon number of enough participants and (2) the YOP member leads an outdoor trip of any type independently in 2017.

Trip Format: 4 Days / 3 Nights

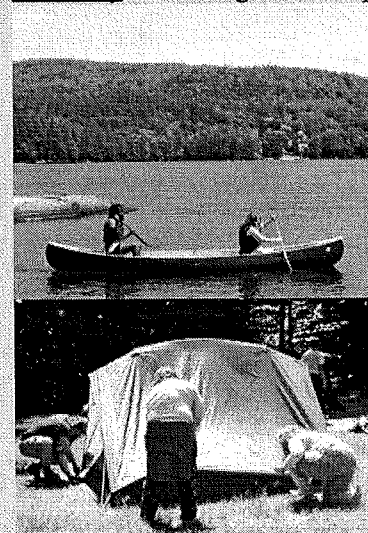

Tuesday: Day Hike and Cardigan Lodge

Wednesday: Backpack and Summit Mt. Cardigan, Stay at AMC's High Cabin

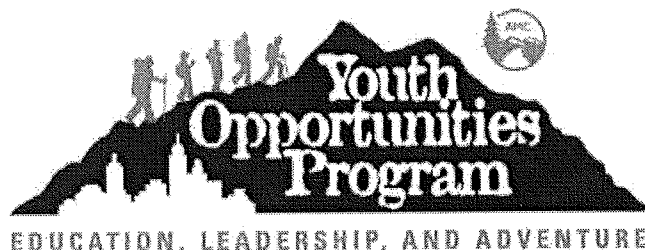

Thursday: Canoeing and Camping

Friday: Celebrate Accomplishments and Head Home!
(Some custom changes to format may be accommodated)

Youth Mountain Adventure Program

Next Steps:

1. **Choose your preferred trip dates:** We have space for one youth group per session.
2. **Agency Registration Form & Enrollment Agreement:** Submit this form. Each date has its own pool of applications.
3. **Submit Deposit.** You may turn in your deposit after initial registration request.

AGENCY REGISTRATION FORM & ENROLLMENT AGREEMENT

PLEASE REGISTER MY AGENCY FOR THE FOLLOWING YMAP SESSION. (PLEASE WRITE TRIP DATES)

1ST CHOICE: _____ 2ND CHOICE: _____

YOP Member's Name: _____

Agency Name: _____

Address: _____

Phone Number: _____ Email: _____

Total # of staff attending trip: _____ Total # of youth attending trip: _____

Age range of youth: _____

YOP Member Signature: _____

REFUNDABLE DEPOSIT:

The total cost to YOP for each YMAP trip is over \$8,000. YOP has worked very hard to secure funding for the YMAP initiative in order to provide fun and affordable trips to qualifying YOP youth groups. It is vital that all registered groups understand how important this commitment is for the future of our funding and this project.

To ensure that each group is able to participate in the trip with the agreed upon number of youth and staff, YOP requires each agency to make a refundable deposit. The deposit will be refunded after the trip unless an agency cancels a trip or does not have enough participants for the trip. Deposit refunds will be determined on a case by case basis. This will allow us to have a successful summer, make the best use of our resources, and serve the most youth. We thank you for your understanding and assistance.

PAYMENT:

- ☐ I have enclosed a check for \$160.
- ☐ I will call with Credit Card information
- ☐ My agency is processing payment

Mail: YOP, Appalachian Mountain Club, 5 Joy Street, Boston, MA 02108, ATTN: Nathan Schumacher

Email: nschumacher@outdoors.org

Fax: 617-523-0722 Phone: 617-391-6599

APPLICATION FOR ALL OUT-OF-STATE, OVERNIGHT FIELD TRIPS

Before the trip is announced to students, please submit this form to the Superintendent of Schools:

(a) three (3) months in advance if the trip is within the United States, or

(b) six (6) months in advance if the trip is out-of-the country.

For clarity, all forms are to be word-processed, NOT handwritten. To maintain the formatting, delete the lines.

TRIP LOGISTICS:

1. Name of Field Trip: Appalachian Mountain Club
2. Educator Requesting Field Trip Approval: Amy Bayer
3. School: BHS ACE Grade Level: 8-12
4. Have you reviewed the *School Committee Policy I 3 a. for School Sponsored Field Trips*? Yes
5. Have you reviewed the document "*Administrative Procedures for School Sponsored Field Trips*"? Yes

*If you need copies of the documents for #4 and #5,
contact the Office of Teaching and Learning at 617-730-2432.*

6. What is your destination? Appalachian Mountain Club Cardigan Campsites
7. What is the date and time you are leaving school? 9/14 And 2nd group on 9/28
8. What is the date and time you are returning to school? 9/15 2nd group on 9/29
9. Do the dates of the trip conflict with any religious holidays or observances? No
10. How many days will students miss from school? 2
11. How are students being transported (school bus, chartered bus, plane, rail, etc)? Rec Bus
and School bus

*If students are traveling via bus, please complete the
Requirements for Field Trip Transportation via Bus form.*

12. How many students will be participating in the field trip? approx 24 Per group (2 groups)
13. What members of the student body are eligible for the trip? All ACE Students
14. How are students selected to participate in this field trip? N/A
15. Where will students be staying? Cardigan Campsites
16. What are the names and cell phone numbers of the primary staff chaperones on the trip?

PUBLIC SCHOOLS OF BROOKLINE

AMY Bayer 617 686 4766

Kara Lopez 617 821 5877

17. Other than those listed in #16 above, what are the names and roles (teacher, parent, etc) of other adult chaperones who will be on the trip? Jules Slesarchuk, Elliot Shields,

Ben Little Teachers

EDUCATIONAL RELEVANCE

18. What is the purpose of the trip and how does it relate to Brookline's Learning Expectations (K-8) or BHS Course Syllabi? ACE Community building and building

Habits of Success through outdoor camping experience

19. Describe activities planned before the trip to prepare students: each group will
learn about technique for safe camping

20. Describe activities planned after the trip for students to wrap-up/reflect: Students will
do reflective writing as well as debriefing with Advisory

ACCESSIBILITY AND STUDENT SAFETY

21. To what extent does the field trip group reflect the diversity of the school population? What efforts will be undertaken to ensure that, to the greatest extent possible, the participants in this field trip reflect the diversity of the school population? ACE is a very diverse program and

has representation of all racial, ethnic & socio economic
groups present at BHS

22. What measures are planned to ensure student safety on the trip, including chaperone coverage, student behavior contracts, etc. JT Lenoach, Certified Outdoor Instructor for

AME will coach staff and students prior to the trip.
Most of ACE staff also did last years trip.

23. What is the name and location of the medical facility closest to your destination? Alice Peck
Memorial Hospital in Lebanon NH

24. Will students be swimming? (please note: if swimming is planned, parents must give explicit written permission for their child to swim; students who do not have this express written permission will not be allowed to swim) NO

PUBLIC SCHOOLS OF BROOKLINE

25. If travelling outside of the United States, please attach the appropriate Department of State Advisory Review and Notification and a copy of Consular statement.

FUNDING

26. What is the total cost of the trip? Please detail the major components of the trip below and provide a total. (add/edit headings as necessary)

Lodging	\$60
Travel	\$100
Meals	\$400
Admissions/Tickets	-
TOTAL:	\$560

27. How will the field trip be funded?

ACE does multiple fundraisers each year

28. What accommodations are made for students who cannot afford the expenses of this trip? Are partial and/or full scholarships available?

Yes, Partial and full scholarships available

29. If fundraisers are planned to help lower the cost of the trip for all students, please describe those plans here:

ACE Chili Event happened in April and Bake Sales

*If you need any assistance as you complete this application,
please contact the Office of Teaching and Learning at 617-730-2432.*

Memorandum

TO: Andrew Bott, Superintendent

FROM: Matthew J. Gillis, Director of Operations & Facilities 

RE: Gifts and Proposed Gifts to School Operations & School Buildings

DATE: July 3, 2017

Starting FY18, I would like to help formalize gift receiving compliance in accord with MGL Ch 44, Section 53A, with a summary report and more detailed attachments per gift where appropriate. This first format will serve as an update with recent activity and can be modified to make it more useful to School Committee. The report format includes the following information intended for an efficient review.

School:
Donor:
Purpose/Effect of Gift:
Dollar Value:
Check Received:
Gift Status:
Change in Maintenance Costs:
Recommended by Building Principal:
Recommended by Director of Operations:
Other Administrator Recommendation:
Note:

Gifts that involve more complex work may have an attachment from the proposed donor, or, the donor(s) and school administration. PSB has a gift account for each school and can accept cash donations and order the materials and/or service where appropriate. PSB can schedule/manage projects with the appropriate Town Departments (Facilities, Procurement) to take the work load off donors and ensure all MA public labor laws are adhered too.

The following schools in this report are: Baker, Heath, Driscoll, Pierce and Lawrence.

CC: Mary Ellen Dunn, Deputy Superintendent For Administration and Finance
CC: Building Principals
CC: Charlie Simmons, Town of Brookline, Director of Buildings
CC: Kevin Stokes, Town of Brookline, Chief Information Officer

Summary of Proposed Gifts To Facilities for School Committee Review and Approval per MGL CH 44,
Section 53A

School:	Baker
Donor	PTO
Gift Type	Shelves, Mounted to Wall, Near Large Gym
Purpose/Effect	Improve Organization/Storage of Technology
Dollar Value	\$2,798.96
Gift Status	Proposed, Quote Received
Check Received	No
Change in Maintenance Costs:	No
Director Recommendation	Yes
Principal Recommendation	Yes
Town Facilities	Informed

School:	Heath
Donor	Heath Extended Day
Gift Type	Paint Bathrooms Near Gym (Often used by Ext.Day)
Purpose/Effect	Brighten Up Area
Dollar Value	\$400 for Labor, Paint Donated Heath Ext. Day
Gift Status	Received
Check Received	No, Paid Directly by Donor to Town's Contractor
Change in Maintenance Costs:	No
Director Recommendation	Yes
Principal Recommendation	Yes
Town Facilities	Yes
Note	Painter was working in the building and able to add this in.

School:	Heath
Donor	Heath PTO
Gift Type	Auditorium Media & Sound System Improvements
Purpose/Effect	Improve Sound Quality
Dollar Value	PTO Budget of \$10,000
Gift Status	Proposed
Check Received	No
Change in Maintenance Costs:	No
Director Recommendation	Yes
Principal Recommendation	Yes
Town Facilities	Yes, Recommended Electrician
Note	Replace Screen, Projector, Speakers, Electrical Panel Upgrade, Project Contact Assistant Principal Michael Smith, See Attachment

School:	Driscoll
Donor	Janice Khan
Gift Type	Slightly Used Varidesk (Adjustable Standing Desk)
Purpose/Effect	Office Furniture/ Reduces Times Seated Using Computer
Dollar Value	Estimated \$200
Check Received	N/A
Gift Status	(Tentatively) Received
Change in Maintenance Costs:	No
Director Recommendation	Yes
Principal Recommendation	Yes
Town Facilities	N/A
Note	Received in April

School:	Pierce
Donor	Pierce PTO
Gift Type	Auditorium Sound System Improvements
Purpose/Effect	Improve Sound Quality
Dollar Value	PTO Budget of \$16,500
Dollar Value	Donated Labor from Phil Schroeder, \$6,250 (est. hours)
Gift Status	Proposed
Check Received	No
Change in Maintenance Costs:	No
Director Recommendation	Yes
Principal Recommendation	Yes
Town Facilities	Need to Verify
Note	See attached summary/plan/budget

School:	Pierce
Donor	Pierce PTO, Atkinson Carpet and Flooring
Gift Type	Teachers' Breakroom Upgrade/Makeover
Purpose/Effect	Improve Morale, Improve Worn and Dreary Space
Dollar Value (Donation/	Est. Value of Donations Collected and Purchased \$4,000
Dollar Value (Donation)	\$1,750 for carpet install by Atkinson
Dollar Value (Donation)	\$8,000 Design - Amy Harwin and Myriam Jacopille
Town Facilities Contributed	Town Labor- Plumbing, Electrical, and Carpentry
Gift Status	Received
Check Received	No
Change in Maintenance Costs:	No
Director Recommendation	Yes
Principal Recommendation	Yes
Town Facilities	Yes
Note	Completed

School:	Lawrence
Donor	Lawrence PTO
Gift Type	2nd Fridge for Teachers' Breakroom
Purpose/Effect	More Cold Storage For Staff
Dollar Value	Approximately \$500
Gift Status	Proposed, Tentatively Approved
Check Received	No, PTO to Purchase directly
Change in Maintenance Costs:	Minor add to electricity and water use
Director Recommendation	Yes
Principal Recommendation	Yes
Town Facilities	Yes, Power and Water Connection Approved

School:	Lawrence
Donor	Lawrence PTO
Gift Type	Window Mounted/Portable AC Units for 3rd Flr Classrooms
Purpose/Effect	Occupant Comfort
Dollar Value	Approximately \$12,500
Gift Status	Proposed by PTO
Check Received	No
Change in Maintenance Costs:	Yes, Increased electricity
Director Recommendation	Shares Concerns of Town Facilities Director
Principal Recommendation	Yes
Town Facilities	Concerns: Likely to strain building's electrical system, adds labor for install, removal and storage of units
Note	\$168,000 estimate from engineering firm to provide AC to 3rd floor via tied into building HVAC controls

Heath

Auditorium Upgrade Breakdown

Phase I: Sound System (\$10,000 budget)

This phase will be done over the 2017 summer. Michael Smith (Heath VP) is setting up the sound system components. There will wiring or cable installation. Just equipment set up.

- Sound System Components.....\$ 5,118.21
- Sound and Light Board CabinetDONATED
- Breaker Panel Upgrade.....\$ 1,000.00 (estimate)
- Set Up Labor.....\$1,000.00

*Remaining funds will cover cost of unforeseen incidentals

Proposal for Audio System Upgrades for Pierce Auditorium

June 20, 2017

By Phil Schroeder

A proposal to improve the audio system currently in place by creating a simple, elegant downstairs system for teachers, staff and administrators for their most frequent needs;

And to make a significant addition to the audio capabilities for drama and the musical arts events by adding 10 digital wireless microphones, as well as a state-of-the art digital mixing environment that will create use and learning opportunities for students for years to come.

Status Quo

The 2013 audio system in the auditorium remodel and was very poorly designed with respect to our collective needs. It has significant flaws which render it nearly useless, including its location in the catwalk, the reliance on an outdated mixing board, and the inability to easily set up microphones or play audio through the main speakers. It is appallingly unfriendly to those who need it most (teachers) and cannot be fixed without an investment in additional equipment.

In addition, the Pierce School Musical has, for many years, struggled with getting our kids' voices heard above the music. Whether it be live music or tracks, we cannot hear the kids sing or sometimes, speak. We've been largely *working around* the existing system, mostly by me purchasing wireless microphones, adding a set of speakers, and many other things so we can get by, but the impact is still minimal.

The Musical joins the PTO this year bringing with it a strong cash reserve of ~\$31,000 from many years of operating in the black. It is far in excess of what we need as a backup reserve for the ongoing show operations, we propose spending money from this long-term reserve as a way to improve future shows *and* serve the needs of our teachers and other stakeholders.

Existing system/New systems

There exists a base system of good quality amps and speakers in the auditorium that will not change and currently live in the catwalk. I'll refer to this base system as "the speakers" to avoid confusion, and because everything needs to get to *the speakers*. Beyond that, there would be *two new systems*, one downstairs and one upstairs, plus the wiring, connections and installation required to make them work.

System 1: Ground Floor Audio

A "pod" on the floor that contains a small mixer, two wireless microphones and a wireless receiver and a Bluetooth receiver. It also contains a wireless "headset style" microphone for lectures, at Chris Kelley's request. This system is wired and secured in place on a rolling cart that plugs into the wall. It also includes four mic stands. It will be DVD and computer ready.

Audio is routed upstairs to the speakers. A user will connect the cart to the wall, turn the upstairs speakers on with a switch at the same location, set up mics and get to work. A teacher can connect her iPod/Phone/Pad via Bluetooth to the system and play from anywhere. It's easy, and it all comes out of the speakers.

Estimated cost of this system, hardware, microphones, cart: \$2,000.00

System 2: Upstairs Audio

A set of ten digital wireless microphone sets and a computer-based mixing environment for more advanced performing arts ventures including the Pierce School Musical. This (plus the wireless mics I already own) can allow for 14 actors in each musical to wear microphones during performances, creating better shows and *an entirely new learning opportunity* for older students who want to learn audio technology.

Estimated cost of this system as described: \$12,500.00.

Wiring and configuration (putting it all together)

My slightly less firm estimate for this part of the installation is \$2,000.00.

Cost and other considerations

The total estimate for the entire proposal is *roughly* \$16,500. Possible discounts (up to 5%, perhaps) for a majority of these items ordered from a single supplier.

My time is free of charge. I will hire an assistant at \$20/hour for some of the installation, cost has been included within.

I need to begin purchase and installation in July. I won't be able to do this work once school starts up again. I can consult with Mariah about purchasing procedures.

We'll still need some additional locking storage that should be provided by the district.

I have consulted with the music teachers about their needs, and have heard from others as well. I don't believe there is any impact on any other auditorium users, particularly as this creates no loss of space in the room.

I look forward to any questions you may have. I'll be traveling tomorrow (Wednesday) afternoon, but can be reached in the morning.

Phil

FROM: Andrew J. Bott
Superintendent
DATE: July 10, 2017
RE: Update on Senior Leadership Priorities For School Years 2016-17 and 2017-18

OVERVIEW -- Instructional Leadership and Equity

In the twelve months since becoming Superintendent of the Public Schools of Brookline, the new Senior Leadership Team and I have accomplished much in a short amount of time. We have also learned deeply about the strengths our schools and district possess as well as future challenges.

In an effective school system the central office supports principals as instructional leaders, so principals can support educators, and educators can support students. This fundamental belief drives our core work of supporting principals as instructional leaders. While our principal team is highly capable, the structure and systems within the district have limited their ability to be true instructional leaders responsible for the quality of teaching and services to students in their schools. There is a great deal of work that needs to be done organizationally and operationally to better support our principals in the areas of professional development, policy, procedures, and communications.

At the same time, in a district as well-resourced as Brookline, we should expect nothing less than exceptional and equitable outcomes for all our learners. Our second core goal is both to ensure that every student meets or exceeds Brookline's high standards and to eliminate persistent gaps in student achievement by establishing educational equity across all classrooms, schools, and programs. Regardless of a child's race, ethnicity, special education status, English language proficiency level, gender, gender identity, or socio-economic background, we should be able to effectively support every individual to succeed at high levels.

These two core goals currently drive the work of our Senior Leadership Team and will continue to do so in the upcoming school year (see Section III below). The progress we will make on defining high quality, core instruction, assessing our co-teaching practices, developing a culture of collaborative inquiry, completing a math program review, exploring embedded honors in 9th grade, providing specialized tiered professional development in the area of student services, and in many other areas is designed to support our principals in becoming more effective instructional leaders and improve our capacity to ensure that every single student reaches their fullest potential.

Over the course of the past year, we have identified strengths and challenges that are common across our central office departments and our schools. The progress we have made to date and the priorities we set for the upcoming year reflect utilize our strengths and address our challenges.

Common Strengths that exist across schools and central office

- Quality of staff in schools and across central office departments is high
- Teachers regularly engage students in meaningful, high-quality learning

- Commitment to and support for the mission of PSB among staff in schools and all central office is high
- Departments district wide meet on regular basis to discuss and plan for areas of instructional and operational improvement
- Staff enjoy working for the Public Schools of Brookline and with their colleagues
- Hiring searches typically attract numerous high quality and qualified candidates
- Schools are very well resourced with regard to staff, materials, and programs
- New senior leadership team is cohesive, works well together and on the same page regarding district and school goals

Common Challenges that exist across schools and central office

- Persistent gaps in outcomes and opportunities between subgroups of students
- Insufficient clarity on roles and expectations for individuals and teams
- Insufficient clarity on the support needed by and the support provided to assist individuals and teams in being successful in their role(s)
- Significant recent turnover in principals has resulted in having only two of 12 principals with more than three years of experience being a principal in Brookline; three other principals who have been a principal for more than three years, but have been a principal in Brookline for fewer than three years; and seven principals in their first three years as a principal
- Despite significant progress on policy revision during 2016-17, numerous policies remain out of date and out of compliance
- Inconsistent and insufficient guidance and support on hiring, scheduling and staffing has resulted in misalignment and inefficient use of resources
- Limited long term planning over numerous years has resulted in an overreliance on short term efforts and a lack of organizational systems that lead to coherent and consistent practice
- Lack of full, completed roll out, training and support on key initiatives over numerous years resulted in ineffective implementation and has eroded trust
- Increasingly complex health issues of incoming students is making it more challenging to meet the needs of students.
- Alignment and understanding between elementary school and high school practice needs to be improved

This update is divided into three sections:

- I. SY 2016 – 2017 Senior Leadership Priorities - Progress Made (pp. 3 -9)
- II. SY 2016 - 2017 District and School Efforts on Addressing Issues of Race and Diversity (pp. 10-11)
- III. SY 2017-2018 Senior Leadership Priorities (pp. 12-16)

SECTION I: PROGRESS MADE ON SY 2016 – 2017 SENIOR LEADERSHIP PRIORITIES

The Senior Leadership Team identified four primary areas of focus for SY 2016 – 2017:

- **Collaboration and Teamwork**
- **Instructional Leadership**
- **Focusing on all students (“Every student, every day”)**
- **Assessing and Aligning District Resources, Programming, and Policies**

These priorities are aligned with and support the District’s Mission, Vision, and Goals:

Goal 1: Every Student Achieving

Goal 2: Every Student Invested in Learning

Goal 3: Every Student Prepared for Change and Challenge

Goal 4: Every Educator Growing Professionally

Listed below are the actions taken during the 2016-17 school year on the primary areas of focus.

Collaboration and Teamwork

Work Identified in Summer 2016	Evidence of Progress
• Rebooting of district administrative leadership meetings to include principals, vice-principals, K8 and BHS curriculum coordinators and focusing these meetings on instructional practice, student needs, and supporting effective evaluation practices	• A total of 30 team meetings. 10 included Principals, VPs, Coordinators and Directors. All others included Principals and Senior Leadership. • Topics ranged from Title IX and Title VI compliance and investigations, data analysis training, literacy instruction training, hiring workshops, kindergarten transition, scheduling and shared staffing.
• Senior Leadership regularly visiting schools and classrooms	• As communicated in his reports to the School Committee, Superintendent Bott visited classrooms every week. Dept Supts for OSS and OTL in classrooms at least every two weeks.
• PK-8 Coordinators and BHS Coordinators working together to address issues related instruction and student learning.	• Regular meetings of PK-8 and BHS coordinators taking place for the first time as well as joint visits to classroom
• Vice-Principals having regular monthly meetings for the first time to share practices, informational and collaborate on district priorities	• Vice-Principals met monthly to build connections and share challenges. Topics included evaluation, discipline, scheduling, and test administration.
• Improving regular and consistent communications with staff, leaders, families, and community stakeholders.	• More consistent website and social media updates. Particularly strong efforts on capital projects. Significant increase in staff and family survey results on quality and frequency of district communications (+13% for staff, +36% for families)
• OSS and SEPAC scheduling regular meetings with additional evening sessions allowing for more families to share and participate in requested events (e.g. community integration of students, social emotional learning programs, etc).	• Ongoing. OSS facilitated monthly meetings with SEPAC with additional evening sessions at BHS regarding 8th grade transition and ESY evening to address questions. • OSS created a social emotional learning program for ESY 2017 to support identified students.
• OSS and OTL supporting Heath and Lincoln’s work with the state’s Low Income Education Access Project partnership to address teaching “with poverty in mind”, improving services and placements for homeless and transient students, and placing students with special needs into the least restrictive environments (LRE) possible.	• Ongoing. LEAP initiative supported Heath CST to strengthen case study practices in regards to low income students with an on site special education coach and Lincoln has developed a year long school wide professional development sequence using the text <u>Teaching with Poverty in Mind</u>.

Continue to refine the collaborative budget development process started last year whereby pre-meetings with all budget managers are conducted prior to their November 1 request to the Superintendent.	Ongoing education and support for budget managers to communicate three year needs, data to support past requests and their impact on student learning, improvement in staffing lists and clarification of staffing roles and responsibilities.
--	--

Instructional Leadership

Work Identified in Summer 2016	Evidence of Progress
Principals, Senior Leadership and OTL working together on the role of principals as instructional leaders	- Principals and schools have taken responsibility for district-wide grade 1-5 release days so teachers and principals can collaborate on school-specific needs. OTL and Coordinators are supporting the planning and implementation of this school-based professional development. - All principals participated in Learning Walks, visiting classrooms together in every school
Improving the quality of teacher evaluation and support by working with principals and administrators on the practice of class observations, differentiating feedback based on teacher need, and providing concrete feedback to strengthen instruction	Support of principals provided in beginning of year focused on observation, giving specific and constructive feedback and strategies for scheduling and completing all evaluations.
PK-8 and BHS Coordinators working together to understand quality of instruction and to align elementary and high school practices	- K-8 Coordinators and BHS Department Heads visited classrooms in pairs - Cross-disciplinary pairs as well as PK-8/BHS pairs. - In some cases PK-8 coordinator and BHS Dept Heads in the same subject area visited classrooms together for the first time
Proving a support network for vice-principals including addressing the area of instructional leadership	Vice-Principals met monthly to build connections and share challenges. Topics included evaluation, discipline, scheduling, and test administration.
Alignment of K-5 curriculum so curriculum priorities are clear and manageable for K-5 teachers	PK-8 Coordinators began work to update time allocations and to review curriculum units, both to understand the timing of units, rollout of units, and the scope of work in each content area.
Development of a coherent, long term approach for staff professional development that integrates the work of OTL and OSS and is aligned with our district mission and goals	- OSS has developed a full year tiered professional development plan for the upcoming year with a focus on social emotional supports and equity; developed with the input and feedback from more than 200 PSB educators including principals, special education teachers, and paraprofessionals. - OSS and OTL established initial framework for a multi-year professional development plan allowing the departments to roll out PD consistently embedding participant feedback.
OSS partnering with all school leaders to identify the least restrictive environment (LRE) across multiple grade levels in order to assess the need to expand existing programs	In planning for Fall 2017.
OTL and OSP will work with administrators on developing the capacity to support student-focused	OTL, OSS, and OSP team members participated in collaborative inquiry training at Harvard.

discussions at the school level that will impact instruction and intervention and support School Improvement Plan goals. Developing a process to have coaches, specialists, and administrators use classroom and district-wide student data to understand the impact that specific instructional moves are having on student work.	This work will be included in the FY17-18 efforts on building a collaborative culture of inquiry
Sharing student learning data with teachers, school and district administrators	- Across the year shared more district-wide and school specific data with principals, VPs, and Coordinators - including student level MCAS, BAS, 9th course recommendations, BHS course enrollment, disciplinary data. - Replaced Director of Data Analysis and Information Management and on-boarded Data Analyst.
OTL and Enrichment, Challenge, and Support teachers providing support to teachers on developing engaging lessons and work that challenges all students.	- Incorporated elements of project-based learning such as student choice, reflection, critique & revision, and public product in interest- or passion-based projects entitled Genius Hour, Curiosity Project, and Kid Quest - Incorporated the design thinking process, creativity, innovation, and STEAM integration in numerous assignments that were supported by Makerspaces - Supported teachers with pedagogy to improve Tier 1 instruction in all content areas, including workshop model for math, unit extensions for social studies, differentiated reading groups for ELA, and differentiation for heritage speakers in world language - Supported teachers with Tier 2 resources, especially in math with the Canvas online course for students in grades 4-6 (grades 7 & 8 being worked on this summer) - Created a process by which those students who are significantly above grade level are brought to CST to support teachers in providing instruction for students within the classroom.
OTL will work with teachers on how to share information with students about progress made and progress that needs to be made	- Systematically sharing information with students not yet begun. - Will pursue options for providing more information to parents about their children's progress on literacy.

Focus on all students (Every student, every day)

Work Identified in Summer 2016	Evidence of Progress
November 8th Professional Development Day - Interrupting the Cycle of Racism: What Can I Do?	- All staff participated in main session and breakout sessions; - School based staff and central office staff participated in afternoon sessions - Resulted in ongoing school-based work in all schools. Examples include: - Pierce - book discussion and analysis on <i>All-American Boys</i> - Driscoll - faculty meetings based on <i>We Can't Lead Where We Won't Go</i>

	• Devotion - small group work on Rac(e)ing to Class looking at racial disparity in special education referrals • Heath - ran a series of faculty meetings that focused on a variety of race-related issues • BHS - continued work on Identity Curriculum and individual department PD sessions (Math department session with Dr. Walker of Columbia University; Social Studies department session on honors referrals)
• Launch of the Identity Curriculum at BHS • Working with Jenee Ramos, Brian Poon and K8 principals to bring Identity Curriculum work to the elementary schools	• Significant curriculum work done and lessons integrated in all subject areas during school year • Summer curriculum work being completed in all domains (math, career and tech ed, visual and performing arts, English, world languages, etc.) • Student leadership group (Warriors for Change) launched to review curriculum work, support middle school integration, and provide input on teacher development work. Hoping for 12 students, 30 have joined. • Planning for initial steps in elementary schools being led by Warriors for Change and faculty advisors
• Partnership with Anti-Defamation League to develop Peer Trainers at BHS who will be leaders in our ongoing work to create a respectful and inclusive school community	• 3 days of training for 26 10th and 11th graders to be peer leaders; 13 juniors, 13 sophomores; 17 females, 9 males; 11 students of color, • Peer leaders facilitated work in advisory • Work continues in 17-18 with existing cohort • New group of 10th graders will also be trained
• Ongoing data analysis to identify and report persistent achievement and opportunity gaps and provide school leaders and teachers with the information they need to address these gaps	• Data related to persistent achievement and opportunity gaps shared with principals, vice-principals, coordinators, directors, and School Committee • For first time presented data on racial disparities in course recommendations for 9th grade and BHS course enrollment • Increase in data requests from coordinators, principals, and senior leadership
• Collaboration between OSS and OTL to further deepen support for Child Study Teams (PreK-8th) and School Intervention Teams (BHS) to establish a district wide model of Response to Intervention.	• OSS and OTL began the work of aligning CST practices and capacity - 2017-2018 focus will be deepening this work. • District - wide MTSS model will be a priority in 2017-2018.
• OSS and OTL's work with BHS special education staff to support students with disabilities age 14 and over with post-secondary planning	• In process for 2017-2018 school year.
• Central Office supporting the schools with their school-developed Improvement Plans and their goals related to supporting all students.	• Developed and introduce revised School Improvement Planning template that promotes coherence in plan structure across all schools and development of 3 year plans • Anticipate a further revised template and process in the coming year
• FY18 Budget Narratives being revised to include commitment statements of how programs and	• FY 2018 budget document continued to be refined and updated with appropriate statements and references.

departments support educational equity for all students.	More work will continue in FY 2019.
Review and potentially reconfigure of Food Service Management with new Meal Charge Policy, and Management Company RFP/Director Replacement	- Food service management company hired - Will be in place for 2017-18 school year. - Meal charge policy completed; requires input from principals before adoption by School Committee - Operational guidelines being developed.

Assess and Align District Resources, Programming, and Policies

Work Identified in Summer 2016	Evidence of Progress
Budget process - continue revision and reallocation of resources in the budget document to align with the expenditure of funds	Continued to move the budget in line with DESE's Chart of Accounts, by establishing budget codes for School Committee, Finance, Human Resources, Strategy and Performance and others to create more transparency in the FY18 Budget.
Alignment of district resources to support each School Improvement Plan	This work will commence with the FY 2019 budget and aligning the school improvement plans with the annual goal setting and generating multi-years goals and multi-year improvement plans.
OTL/OSS departments reviewing staffing needs, resource allocations, and cross-functional opportunities to right-size and align resources to support district priorities with a focus on equity.	Through contract review process and targeted hiring of specialized licensed professionals, OSS is on target to meet <i>projected goal</i> to reduce vendor contracted services from 80 ancillary contracts in FY 2017 to approximately 51 ancillary contracts in FY 2018 improving efficiency of management, delivery of specialized programs and services while reducing redundant expenses.
OSS supporting schools on their efforts to ensure greater access for students with disabilities (SWD) within general education curricula, instructional programs, facility improvements, and extracurricular opportunities.	- Through the collaboration between the Directors/Administrator of Special Education and the Out of District Coordinator - the number of students requiring out of district placement for services has been reduced from 65 in September 2016 to 59 in our current fiscal year. - DESE completed mid-cycle special education review of PSB and found OSS to be in full compliance with regulations. - All legal due process or FAPE concerns/complaints addressed through mediation and settlement agreement review while not exceeding fiscal threshold for FY17. - PSB completed 2016-2017 school year closing all previous (2015-2016) legal complaints and concluding current school year with no additional BSEA hearings or legal complaints.
Build and develop a Building Infrastructure Inventory document	Completed.
Ongoing revision of district policies	- Successful completion and adoption of policies on Narcon, Hazing, Substance abuse, Bullying, financial assistance, and authorized signatures. - Collaborated with town on a revised Drug Free Workplace policy. - Draft Wellness policy has moved to policy sub-committee after 18 months in development - public feedback expected in Fall 2017. - Priority policies for review in 2017-2018 have been shared with school committee members (Attendance, Discipline, Field trip.

	Student Activities Fee, and Food Services).
Updating Emergency Response planning to be in compliance with and to follow best practices.	Emergency Planning Committee met monthly. Recommendations of committee include: need to hire consultant to assist with the updating and revision of the Red Book, training plan for emergency situations and for crisis teams, define emergency response staffing structure, and implementation of two-way radio use.
Develop Police/School Memorandum of Agreement	MOU between Police and School Department drafted - finalization pending

Ongoing High Priority Operational and Strategic Tasks for District Leadership

Work Identified in Summer 2016	Evidence of Progress
Office of Teaching & Learning support of Brookline High School leaders and staff	- Discussion of de-leveling 9th grade classes by using an embedded honors option. - Reviewing Co-Teaching practices, structures and student prototypes with OSS collaboration. - Proposed after-school sports contract that supports equitable practices. - Data collection for Innovation Fund courses - Data collection for tutorials.
Office of Teaching & Learning support of literacy instruction	- Piloted of a sequential phonics program (Foundations) in response to teacher input. - Ongoing support for Literacy Collaborative training.
Building Inventory and CIP Process	- Completed Building Inventory. - Developed FY 2018 capital planning calendar and process and began the integration of standard calendar structure to support the CIP process.
Diversity Recruitment	- Report on diversity hiring presented to School Committee in Fall 2016 - Training session for all hiring managers on anti-bias hiring practices including anti-bias screening and interviewing techniques - Ongoing efforts to improve recruitment and identify new or productive advertising channels.
9th School Feasibility Study, design selection, and approval for of schematic design funding	- Managed the process for site selection, coordinated operations questions with municipal departments; participated in planning and feasibility study meetings. - Feasibility Study completed pending further legal guidance.
BHS Feasibility Study, design selection, and approval for of schematic design funding	- Participated in planning and feasibility study meetings; - Coordinated collaboration with municipal departments; - Feasibility Study substantially complete. - In process of hiring new architect and OPM prior to beginning Schematic Design Phase.

Hiring of permanent principals for BHS, Heath, Runkle, and Lawrence	Principal hiring completed for Runkle, Heath, and Lawrence. Anthony Meyer named BHS headmaster.
Annual Enrollment Projection Report	First annual report completed.
Five Year Strategic Plan	Work not begun

2016-2017 Tasks for School Committee

	Evidence of Progress
- Building Project Committees and oversight 9th Elementary School - BHS Expansion - Devotion Elementary School	Feasibility Phase completed for 9th School and BHS. Devotion on time and on budget.
FY 18 Budget Recommendation to Town Meeting including CIP funding for BHS and 9th school schematic design phase	216-1 vote approving schematic design funding for BHS. 182-30 vote approving appropriation of 9th school schematic design funding
Contract Negotiations: BEU - Unit A, BEU - Unit B, BEU - Unit C, AFSME - Custodians, AFSCME - Food Service, AFCSME - Secretaries (formerly BESA),	All collective bargaining agreements completed.
Policy Manual Review	Ongoing
Planning and Preparation for likely Debt Exclusion Override in late 2017/early 2018	Ongoing

SECTION II: DISTRICT AND SCHOOL EFFORTS ON ADDRESSING ISSUES OF RACE AND DIVERSITY

Below is a list of the work that was done during SY 2016-17 this year to address issues of race, diversity, and supporting all students and families. This list is not comprehensive of all efforts as it was not possible to get a full accounting of all work that was done in all schools across all staff.

School Committee Policy

- Revised and updated district's Harassment Policy and the Bullying Policy to make them clearer on the issues related to protected classes.

Supporting Staff and Leaders (Training, Education, Resources, and Support)

- November 8 Professional Development, *Interrupting the Cycle of Racism* with Beverly Daniel Tatum – district-wide professional development in the morning with school-specific work in the afternoon.
- As a follow up to the November 8 Professional Development Day, all schools have been working on addressing issues of race, equity, and cultural diversity. For example:
 - Heath School staff working in small groups in a six week cycle studying different issues related to race, equity, and cultural diversity.
 - Pierce School—all staff doing a book study on *All American Boys* by Jason Reynolds.
- School and district leaders, including all principals and deputy superintendents, attended the 4-day *Race, Equity and Leadership in Schools* Institute at Harvard Graduate School of Education.
- Ongoing inquiry with school leaders about data related to student learning and student experience in our schools to identify and understand achievement and opportunity gaps across groups of students.
- Training for principals, VPs, deans, coordinators and directors on complying with and investigations related to Title IX (discrimination based on sex).
- Training for principals, VPs, deans, coordinators and directors on complying with and investigations related to Title VI (discrimination based on race, color, religion, sex, or national origin).
- Understanding Islam – Professional Development Workshop offered to staff.
- Two-part course offered by Facing History and Ourselves on Talking to Students about Race.
- *IDEAS: Anti Racist Practices in Schools* – Two credit course led by Dr. Suzie Talukdar for Brookline teachers.
- All new 8th grade teachers attend training led by Facing History and Ourselves on the Holocaust and Human Behavior.

School-Based Work (Instruction and Curriculum)

- Minority Student Achievement Network (MSAN) Conference, student presentation and ongoing follow up. BHS students, BHS staff and district leaders participate annually in the MSAN conference. Students followed up this year's conference by presenting data to the School Committee and Superintendent on unequal achievement, discipline actions, and AP course enrollment. Superintendent and BHS Headmaster have continued meeting with the students participating in MSAN to identify causes of the unequal access to high level classes at BHS, developing a data dashboard that is shared widely with students and teachers that tracks achievement and opportunities across groups of students. MSAN students also met with and all principals to discuss their experience in elementary school and high school.
- Partnership with the Anti-Defamation League on "The World of Difference" program to train and support BHS students to become Peer Leaders who lead workshops on tolerance with their peers and collaborate with teachers and school leaders on identifying issues that need addressing at the school. The District is pursuing a similar partnership with the ADL to work with middle grades students in our K-8 schools.
- BHS Identity Curriculum – Curriculum effort and resources enabling teachers and students to address the complexity of human identity within the existing curriculum. Includes development of student leadership group, Warriors for Change and curriculum work on all departments.

- 28 Hours – Play presented by BHS students addressing the killing of unarmed African American by police officers in America (made possible by support from the Brookline Education Foundation).
- *Asking for Courage Day* at BHS – a collaborative effort by teachers and student produced on to address issues of race and cultural diversity. This year 2 person teacher teams from the elementary schools.
- BHS *Day of Dialogue* – Students and teachers addressing LGBTQ issues on April 12.
- Observation of a *Day of Silence* in support of LGBTQ students and staff on April 13.
- BHS course, “Understanding Racial Identity” led by Malcolm Cawthorne and Kate Leslie.
- Gay Straight Alliances at six schools: BHS, Driscoll, Heath, Lincoln, Pierce, and Runkle.

DRAFT FOR REVIEW - JULY 2017

SECTION III: SENIOR LEADERSHIP PRIORITIES FOR SY 2017-2018

Office of Teaching & Learning

DRAFT Priorities for SY 2017-18

1. Strengthening High-Quality Core Instruction
 - Support principals in becoming instructional leaders.
 - Principals will engage faculty in defining high-quality core instruction at their school
 - Learning walks continue and grow in SY 2018 with principals and PK-12 coordinators
 - Planning for implementation of Instructional Leadership Teams in each school
 - PK-8 coordinators and BHS department heads will work together monthly on common understanding of high quality instruction. They will also develop understanding for course recommendations for rising 9th grade students.
2. Addressing structural racism & unintentional bias through a focus on instructional practice
 - Continue to support school-based efforts that grew out of 2016 Professional Development day
 - Continue investigating possibility of de-leveling 9th grade courses in selected subject areas
 - Define BHS courses and course levels and process for 9th grade course recommendations
 - Link to efforts on defining high quality core instruction
 - Continue to build observer/evaluator skill to support equitable instructional practices
 - Continue to support the Identity Curriculum at BHS
3. Developing a culture rooted in collaborative inquiry
 - Work with teams of principals, vice-principals, coordinators, coaches and specialists on a collaborative inquiry process about supporting teachers
4. Math Program Review
5. Significantly Improve professional development offerings to better support:
 - Ongoing improvement of core instruction
 - Ongoing and identified needs of faculty and staff (instructional needs and operational/administrative needs)
 - District-wide priorities such as literacy instruction, achieving equitable outcomes, and overcoming structural racism and unintentional bias

Office of Student Services

DRAFT Priorities for SY 2017-18

1. Supporting high quality, core instruction through training and professional development

Based on input from more than 200 staff including principals, special education teachers and paraprofessionals, OSS will focus professional development support for SY 2017-18 on these three areas across all department teams (Education Team Facilitators, School Psychologist, Counselors, Social Workers, Speech Language Pathologists, Physical Therapists, Occupational Therapists, and Paraprofessionals):

- Supporting students with emotional disabilities
- Improving Student Social Skills
- Managing Challenging Behaviors in the Classroom

School leadership trainings

In addition, district wide trainings are required to build capacity of school teams in bullying investigations, restraint training, exclusionary guidelines, Title VI and IX, and DESE chapter 222.

Identifying a high quality bullying training program as Olweus trainings will be phased out and replaced. Olweus is out of alignment with state regulations, and current language is not inclusive of the LGBTQIA community. Parent concerns were raised around survey language which was brought to program partner for correction and dismissed. OSS

is reviewing alternative bullying training and curricula to meet the needs of diverse student population, and will work closely with the curriculum sub-committee, the BEU, and all stakeholders invested in PSB anti-bullying work.

School team trainings

School wide trainings are needed as a result of OSS updating our Section 504 manual and Standard Operating Manual for Special Education during summer 2017. Revisions of both manuals were required to ensure school practices are in full compliance with state and federal regulations in supporting our students with specialized needs.

2. Collaborative Inquiry Review of Co-Teaching

Using a collaborative inquiry approach, the OSS team will work with the Office of Teaching & Learning to review current approaches to co-teaching at K-8 and BHS with the objective of developing a model that will be supported and implemented consistently across schools.

- Multiple co-teaching models are being implemented in some K-8 schools and high school absent of instructional model and required structures to support collaboration between general and special education departments.

3. Establishing clear operational procedures/guidelines

Continue the implementation of systemic policies, practices, and cultural processes encouraging information sharing, frequent data collection, and analysis to inform instructional and fiscal decisions.

- Attendance, discipline, field trip and wellness policies have been prioritized for review with community stakeholder and school leader collaboration, revision, and updates by June 2018.
- OSS will create an action plan to project long term operational expenditures and address appropriate staffing and program expansion for BEEP special education, consolidation of the Devotion School, coherent co-teaching, and comprehensive RTI models across all grades.
- The completion of a BEEP operational review ensuring fiscal and staffing efficiency for the delivery of early childhood services. With multiple BEEP satellite classrooms located off-site, operational and budgetary challenges regarding adequate medical and aide coverage exist within our current structures.
- Continued operational review of the Office of Student Services with a focus on special education caseload management, increased efficiency of Aspen, staffing assignments and hiring procedures to address school requests for additional FTE allocations/resources absent of any formalized operational review of current FTE caseloads or resources.
- Update and finalize K-8 Student Handbook for FY 2019.
- Coordination with the Office of Administration and Finance to complete a revision and update to our district emergency response plan.

Office of Strategy & Performance DRAFT Priorities for SY 2017-18

1. Strategic Initiatives

- Develop three-year goals and coordinate development of three year district implementation plan
- Support other offices on coordination of strategic priorities including the effort to define high quality core instruction, the collaborative inquiry process, leadership team development, capital projects, and improving kindergarten enrollment and transition for families
- Public Process and Communications related to capital projects
 - 9th Elementary School - continue outreach and public updates when feasibility and schematic design phases continue
 - BHS - increase staff and public engagement and input during schematic design phase; communication and support related to possible transition of some programming to Old Lincoln building
 - Devotion - supporting staff and family transition into new building

2. Performance and Information Management

- Provide data analysis/reporting to stakeholders to help drive decision making
 - Establish regular cycle of publicly reporting data to School Committee including reports on equitable outcomes, enrollment, and staff and family feedback surveys
 - Provide instructional leaders and school teams with student learning data and support them in developing approaches to use the data to make instructional decisions

- Provide training for principals, vice principals, and school secretaries so core data systems have increasingly accurate student information including in the areas of behavior, discipline, enrollment
- Continue development of data governance and security policies and practices

3. Community Engagement

- Continue improving internal communication between schools and central administration
 - Complete development of Staff Portal/Intranet so staff have easy access to communications updates, files, and resources
 - Bi-weekly Superintendent's Bulletin to principals and staff
- Continue to improve our efforts to include, engage, and inform the public about the work of and successes of the Public Schools of Brookline
 - Formalize monthly Superintendent Updates to families
 - Continue ongoing update of district website to be more user friendly
 - Increase sharing of work in schools via social media

Office of Administration and Finance DRAFT Priorities for SY 2017-18

Human Resources:

1. Continue to improve recruitment and hiring practices with the goal to have district employees that reflect the race and ethnicity of the students we serve.
2. Focus on having open and honest dialogue and discussion with our union leadership and build respectful relationships.
3. Improve the effectiveness and efficiency of the process and procedures within the Human Resources Department

TASKS:

1. Establish 3-5 year strategic plan for the Human Resources Department: *Following the review being completed this summer by Ribas Associates. Plan will address roles needed, hiring process and procedures, and short- and long-term goals.*
2. Onboarding new Director of Human Resources: *Using a seasoned mentor and [Massachusetts Association of School Personnel Administrators](#) {MASPA} support the new director in supporting district goals and addressing strategic plan for the department.*
3. Diversity Hiring - *Continue annual workforce analysis. Continue participation in job fairs. Continue partnerships with [Massachusetts Partnership for Diversity in Education](#) {MPDE} and [Greater Boston School Human Resources Network](#) {GBSHRN}.*
4. Improve and Maintain positive BEU and AFSCME labor relations
5. MUNIS/Payroll Corrections - *Reassess use of HRIS system; restructure use of application for better compliance with laws, collective bargaining agreements; reimagine systems and processes with application functionality in mind.*
6. Time and Attendance - *Implement paper timesheets; research and identify time collection device software/vendor. Begin using ID badges.*
7. Performance Evaluations - *Support Educator Evaluation System. Ensure staff evaluations are conducted. Design a performance evaluation process for non-aligned staff.*
8. Evaluation Process and Forms: *Conduct training on BEU evaluation agreement and non-aligned instrument.*
9. Leaves of Absence - *Enhanced leave tracking and coordination in compliance with laws. Collaboration with BEU on maternity leave protocols.*
10. Non-Aligned Classification Plan - *Develop draft policy on non-aligned compensation for School Committee review and adoption.*
11. Finish BEU Schedule B re-opener - *Incorporate extra-contractual coaching and Teaching & Learning stipends into the CBA. Assess other extra-contractual monies that are disbursed.*
12. Job description review and control - ALL positions - *Ensure job descriptions are up-to-date. Embed job descriptions into the performance evaluation process for annual review and edits.*

Finance

1. Continue improving the quality of information and data available as part of the budget document to School Committee, Advisory Committee, and Town Meeting
2. Review, update, train on Public Schools of Brookline Administrative Support Guide, dated 2007
3. Improve communication, budgeting, monitoring of all FTEs and staffing assignments for more efficient and predictable payroll processes and procedures.

Tasks

1. Position Control updated; - *Realign Position Control in MUNIS as an integrated part of the hiring process, utilizing Recruit and Hire to ensure that positions are existing, vacant and funded.*
2. Special Revenue Funds - *Onboard new Special Revenue Funds Manager, and update existing procedural manuals in compliance with DESE regulations and guidance, specifically in the area of Grants Finance management, Revolving Fund management, Student Activity Accounts, and online revenue collection.*
3. Fee Review - *Develop timelines and work plans that ensure an annual review of fees collected for all Revolving Funds (Athletics, Rental of School Facilities, etc.) for their appropriateness, incorporating the School Committee's Policy of Fines, Fees and Charges into practice.*
4. Student Activities - *Update current Student Activities procedure manual, in compliance with Chapter 66 of the Special Acts of 1996, which is codified in Section 47 of Chapter 71 of the General Laws of Massachusetts (MGL), and DESE's AGREED UPON PROCEDURES AND AUDIT GUIDELINES: STUDENT ACTIVITY FUNDS. Train school based fund managers in using the online payment system to collect fees from parents/guardians for all Student related activities.*
5. P-Card - *Establish documented procedures for the practice of using P-Cards in conjunction with the Town's Finance Division, including the Purchasing Division and Office of the Comptroller. Provide training for staff prior to issuing Purchasing Cards.*
6. Update Administrative Guide and Training - *Review current status of The Public Schools of Brookline Administrative Manual and update sections as identified.*
7. Training Support Staff/budget managers on budget practice and rule following. - *Hold trainings for staff related to budget development/planning, proper procurement practices, the use of the general ledger systems (MUNIS) for reporting and monitoring.*

Operations

1. Working with Whitsons Culinary Services, improve the operation, training and support for Food Service workers, and menu offerings available to students and staff by our Food Service Operation.
2. Onboarding new Transportation Coordinator to include learning routing software, publishing routes, working with principals on discipline, arrival/dismissal, and expansion of service at the high school.
3. Continue space utilization planning with the annual enrollment projection report and facilities inventory.
4. Planning and preparing the district for the opening of Devotion, 9th Elementary School, and BHS Expansion.

Tasks

1. Food Service -
 - a. Mgt Company: *Begin and complete onboarding of a new Food Service Management Company and begin to address the 23 DESE audit findings;*
 - b. Wellness Policy: *review and implement Wellness Policy as it pertains to food service operations. Assist other program areas with impact on changes in food offerings during non-school lunch times;*
 - c. Food Service Policies: *review and update for compliance all Food Service Policies*
 - d. Deficit Accounts: *Continue ongoing collection and monitoring of deficit accounts for non-collection, family in crisis, or other means of clearing debt owed by families to food service program.*
 - e. Meal Charge Policy Implementation: *Coordinate with Principals, Food Service Employees, Whitsons, Lunch Room Monitors, Teachers and other staff about the means and methods of how the Meal Charge Policy is to be administered in our schools.*

2. Transportation -

- a. Routing Software: *Complete the implementation and training of Operations team on the use of routing software and reporting of information to schools;*
 - b. Onboarding new employee: *Coordinate the orientation of a new employee to school transportation with introductions in the district, with vendors, and with Massachusetts Association of Pupil Transportation {[MAPT](#)}*
 - c. Arrival/Dismissal Planning - *Assist Principals with moving to standard procedures, policy, and practice around arrival and dismissal.*
3. Facilities -
- a. CIP planning across departments: *Present CIP based on space analysis what administration recommendation is in terms of building work;*
 - b. 9th School: *Continue managing process and the issues surrounding the site selection of the 9th school;*
 - c. High School: *Continue managing process for the expansion of the High School;*
 - d. Rental Policy Review: *Continue review and update the existing policy and procedures for renting school space;*
 - e. Parking Plans: *Continue working with Transportation Board on Transportation Demand Management report, Review and update all approved parking plans (expand for the number of employees/not change); gain approval for parking plans at schools that do not have them.*

Policies

Student

- 1. Discipline
- 2. Attendance

Organization

- 1. Field Trip
- 2. Student Activities
- 3. Food Service
- 4. Rental Policy
- 5. Purchasing
- 6. Guidance on Updates to Policies and Procedures - Operationalizing District

Senior Leadership Priorities

School Committee Workshop
July 10, 2017

Fundamental Beliefs

1. Brookline should expect nothing less than exceptional and equitable outcomes for all our learners. We must use our resources to ensure that we support every individual to succeed at high levels.
2. In an effective school system the central office supports principals as instructional leaders, so principals can support educators, and educators can support students.

2016 - 2017 Summary of Accomplishments

2016 -17: Summary of Accomplishments

2016-2017 Senior Leadership Priorities organized into four areas in Fall 2016

1. Collaboration and Teamwork
2. Instructional Leadership
3. Focusing on all students (“Every student, every day”)
4. Assessing and Aligning District Resources, Programming, and Policies

Collaboration and Teamwork - Highlights

- Senior Leadership regularly visited schools and classrooms.
- PK-8 Coordinators and BHS Coordinators met regularly throughout the year for the first time.
- Rebooting of district administrative leadership meetings to include principals, vice-principals, K8 and BHS curriculum coordinators and focusing these meetings on instructional practice, student needs, and supporting effective evaluation practices.
 - Topics included Title IX and Title VI compliance and investigations, data analysis training, literacy instruction training, hiring workshops, kindergarten transition, scheduling and shared staffing.
- Vice-Principals met monthly to build connections and share challenges. Topics included evaluation, discipline, scheduling, and test administration.
- District-wide efforts on communication improved with more consistent email, website and social media updates; particularly strong efforts on capital projects. Significant increase in staff and family survey results on quality and frequency of district communications (+13% for staff, +36% for families).
- Completed 9th School and Brookline High School Education Plans.

Instructional Leadership - Highlights

- Principals and schools now leading district-wide grade 1-5 release days to make them more relevant to school-specific needs
- All principals participated in Learning Walks, visiting classrooms together in every school
- K-8 Coordinators and BHS Department Heads visited classrooms together
- OTL worked with principals on effective strategies for observations and providing feedback
- OSS developed full-year tiered professional development plan for the upcoming year; focus is on social emotional supports and equity; developed with the input from more than 200 PSB educators
- OSS and OTL established initial framework for a multi-year professional development plan
- OTL, OSS, and OSP team members participated in collaborative inquiry training at Harvard

Focusing on All Students - Highlights

- Launch of the Identity Curriculum at BHS
- November 8th Professional Development Day - Interrupting the Cycle of Racism: What Can I Do?; followed by ongoing professional learning at each school focusing on racism and unintentional bias
- All principals and deputy superintendents attended the Race, Equity and Leadership in Schools Institute
- Partnership with Anti-Defamation League to develop Peer Trainers at BHS to lead ongoing work to create a respectful and inclusive school community
- Across the year shared more district-wide and school specific data with principals, VPs, and Coordinators - including student level MCAS, BAS, 9th course recommendations, BHS course enrollment, disciplinary data.
- Ongoing data analysis to identify and report persistent achievement gaps and provide school leaders and teachers with the information they need to address these gaps - includes first time reporting on racial disparities in course recommendations for 9th grade and BHS course enrollment⁷

Assessing and Aligning District Resources, Programming, and Policies - Highlights

- Facilities Infrastructure Inventory completed
- Adopted policies on narcon, hazing, substance abuse, bullying, financial assistance, and authorized signatures.
- Wellness policy draft completed after 18 months in development - public feedback expected in Fall 2017
- Collaborated with town on a revised Drug Free Workplace policy.
- Continued to move the budget in line with DESE's Chart of Accounts
- Established Emergency Planning Committee; drafted MOA between Brookline Police and PSB
- Food service management company hired; meal charge policy completed - awaiting input from principals on policy and operational guidelines.

What We Have Learned - The District's Strengths and Challenges

The District's Strengths

- Quality of staff is high
- Teachers regularly engage students in meaningful, high-quality learning
- Commitment to and support for the mission of PSB is high
- Staff enjoy working for PSB and with their colleagues
- Hiring searches typically attract numerous high quality and qualified candidates
- Schools very well resourced with regard to staff, materials, and programs
- New senior leadership team is cohesive, works well together, and aligned
- Departments district-wide meet regularly to discuss and plan for areas of instructional and operational improvement

The District's Challenges

- Persistent gaps in opportunities and outcomes between subgroups of students
- Insufficient clarity on roles and expectations for individuals and teams
- Insufficient clarity on the support needed by and provided to individuals and teams to help them be successful
- Significant recent growth in student population and limited long term planning in recent years has resulted in an overreliance on short term efforts and a lack of organizational systems that lead to coherent and consistent practice
- Lack of full, completed roll out, training and support on key initiatives over numerous years resulted in ineffective implementation and has eroded trust

The District's Challenges

- Insufficient guidance and support on hiring, scheduling and staffing has resulted in misalignment and inefficient use of resources
- Significant recent turnover in principals
- Despite significant progress, a number of policies remain out of date and out of compliance
- Increasingly complex health issues of incoming students is making it more challenging to meet the needs of students.
- Alignment between and understanding of elementary school and high school practice needs to be improved

2017- 2018 Senior Leadership Priorities

Draft Priorities

2017 - 2018 School District Goals

1. Brookline will provide resources to support exceptional and equitable outcomes for all our learners to succeed at high levels.
2. Central Office will provide support necessary for Principals to be instructional leaders. Principals will support educators to meet the learning goals of all students.

Office of Teaching & Learning

1. **Strengthening High-Quality Core Instruction**

Principals will engage faculty in defining high-quality core instruction

Learning walks continue with principals and PK -12 coordinators

2. **Addressing structural racism & unintentional bias through a focus on instructional practice**

Continue to support school-based efforts that grew out of 2016 PD day

Continue investigating possibility of de-leveling 9th grade courses in selected subject areas;

Define BHS course levels and process for 9th grade course recommendations

Continue to support the Identity Curriculum at BHS

3. **Developing a culture rooted in collaborative inquiry**

Work with teams of principals, vice-principals, coordinators, coaches and specialists on a collaborative inquiry process

4. **Math Program Review**

5. **Significantly Improve professional development offerings**

More directly address high quality instructional practices, provide wider range of offerings based on identified needs, and support instructional and administrative needs

Office of Student Services

1. **Support high quality, core instruction through training and professional development**
 - a. Professional development for school based special education, guidance, counseling, therapeutic, and paraprofessional staff on:
 - Supporting Students with Emotional Disabilities
 - Improving Student Social Skills
 - Managing Challenging Behaviors in the Classroom
2. **Establish clear operational procedures/guidelines**
 - a. Complete updates of attendance, discipline, field trip and wellness policies by June 2018.
 - b. Continue operational review of the OSS with a focus on expanding inclusive models, special education caseload management and staffing assignments.
 - c. Complete operational review of BEEP to ensure growing challenges regarding medical support and aide coverage can be addressed.
3. **Collaborative Inquiry Review of Co-Teaching**

Administration & Finance

Finance

1. Continue improving the quality of information and data available as part of the budget document to Employees, Budget Managers, School Committee, Advisory Committee, and Town Meeting
2. Review and update 2007 PSB Administrative Support Guide; follow up with training
3. Improve communication, budgeting, monitoring of all FTEs and staffing assignments for more efficient and predictable payroll processes and procedures.

Administration & Finance

Human Resources

1. Continue to improve recruitment and hiring practices with the goal to have district employees reflect the race and ethnicity of the students we serve.
2. Build respectful working relationships with our union leadership through open and honest dialogue
3. Improve effectiveness of Human Resources Department's processes and procedures

Operations

1. Working with Whitsons Culinary Services, improve the operation, training and support for Food Service workers, and menu offerings available to students and staff.
2. Onboard new Transportation Coordinator to include learning routing software, publishing of routes, working with principals on discipline, arrival/dismissal, and expanding service at the high school.
3. Continue space utilization planning with annual enrollment report and facilities inventory.
4. Planning and preparing the district for the opening of Devotion, 9th Elementary School, and BHS Expansion.

Strategy & Performance

1. Strategic Initiatives

- Develop three-year district goals and develop three-year implementation plan
- Support other offices on coordination of strategic priorities (e.g. defining high quality core instruction, the collaborative inquiry process)
- Continue efforts to inform, engage and include staff and community stakeholders on 9th elementary school, BHS expansion, and completion of Devotion.

2. Performance and Information Management

- Provide data analysis/reporting to school and district leaders to help inform decision making and better understand progress being made
- Provide training for principals, VPs, school secretaries and HR so core data systems have accurate student and staff information

3. Community Engagement

- Continue improvement of internal communication and external communication through development of staff intranet, superintendent newsletters to staff and families, and improved use of social media

NEXT STEPS

Senior Leadership:

- Complete final review of identified priorities to ensure alignment with focus on developing instructional leaders and addressing equity
- Identify specific measurable goals and evidence of progress for identified priorities
- Develop timeline and implementation plan for 2017-2018 work
- Launch work with principals at July Leadership Team retreat - July 25-27
- Communicate identified priorities as new school year begins and on an ongoing basis

School Committee Workshop

PRELIMINARY 2015 OVERRIDE STUDY REVIEW, ANALYSIS, AND UPDATE

JULY 10, 2017

Executive Summary

Table of Contents

Executive Summary 1

Preliminary Draft of Reconciliation of 2015 Override Budget to Actual 2

and updated Projection through FY 22 2

Long Term Efficiency Projects 4

Metrics..... 4

Tables..... 5

FY 2018 – FY 2021 Operating Budget 6

2015 Override Report

FY 18 – FY 21 Budget projection (attached)

2015 Override Report

- (1) Override for FY 16, FY 17, FY 18 Projected Budget vs Annual Town Meeting Budget;
- (2) Review of Mgt Ratios (student:adult; and other non-personnel ratios)
- (3) Update Projections for new CBAs - November;
- (4) Update Projections for Project Costs – September
 - a. New Elementary School - overhead costs, enrollment cost captured in annual enrollment report adjustment
 - b. High School Expansion - overhead costs, enrollment cost captured in annual enrollment report adjustment
- (5) Update Report with Annual Enrollment Report – December
- (6) Historical Comparisons – January with release of FY 19 budget

Preliminary Draft of Reconciliation of 2015 Override Budget to Actual and updated Projection through FY 22

Table A: Original Override Projection Table for the School Department for Enrollment Growth Cost Projections FY 15- FY 22 (any field in gray requires additional verification with published reports)

The original override amount for three years for the school department was to be \$6,983,000. However, there isn't a document that publishes the expenditures that total this amount. The closest I can get to this number is the Enrollment Grant Total for FY 15 and FY 16, which equals \$6,359,995. It also appears that the majority of the funds were received in the first year of the override as part of our base appropriation.

To begin to answer the question and reconcile the override to the operating budget appropriations the following two documents were used to inform the review

1. Override Budget Scenarios, Fiscal Years 2016 – 2018, William H. Lupini, Superintendent of Schools, Tuesday, January 6, 2015:
{<http://www.brooklinema.gov/DocumentCenter/Home/View/6792>}

The Override also included assumptions regarding non-property tax revenue

2. Analysis of Non-Property Tax Revenue and Municipal Expenditure Reductions
{<http://www.brooklinema.gov/DocumentCenter/Home/View/6801>}

The Table is expanded from its original presentation to the Override Study Committee to include the proposed operating budgets at the time they were

established as part of the initial request to Town Meeting. The attempt is to show and reconcile the variances between the projection due to enrollment and the proposed budget for appropriation by Town Meeting. You will note that the column labeled “Override Funds/Other Sources” does not equal the override amount of \$6,983,000.

The Table also shows, based on original assumptions of pay rates and the enrollment projection at the time to require another \$12 million in additional funds. The assumptions as to the rate increase to the base are added in and were not part of any original calculation. The Town Meeting appropriation growth is assumed at 3% and the current non-tax revenue offsets remain as they appear in the FY 2015 and 2016 Operating budget documents.

Table B: Original Override Estimate Adjusted for 2016 Enrollment Report and BEU Contract only Table for the School Department for Enrollment Growth Cost Projections FY 15 - FY 22 (any field in gray requires additional verification with published reports)

Table B updates only the enrollment information in the override projection file and the new BEU negotiated teacher rates to M-5 for all years that are agreed. An assumption of 2% is used for FY 20 – 22 compounded. The original file did not compound salaries in future years and therefore there was not inflationary growth in the file for teacher salaries. This adjustment attributes for a significant adjustment to the original file.

The remaining work on this table is to verify the staffing assumptions. There are assumptions about the number of staff added. Verification that staff were added in the areas outlined needs to be completed as FY 16 added significant number of staff, but not necessarily in the same positions as originally outlined. This reconciliation will be completed over the next month. In addition, the methodology being used will also be reviewed in more detail than has been able to occur in the past.

Table C: Variance of Original Override Estimate Adjusted for 2016 Enrollment Report and BEU Contract only Table for the School Department for Enrollment Growth Cost Projections FY 15 - FY22 (any field in gray requires additional verification with published reports)

Table C provides the variance between Table A and Table B.

Establish Comparable Communities

The following is a proposal for determining Brookline’s comparable districts.

Ten similar communities located east of Route 495 are determined by a comparative analysis of the following legitimate criteria:

- (1) the percentage of students going on to four year colleges,
- (2) standardized test scores,

- (3) class size,
- (4) average per pupil expenditure, and
- (5) the salary maximums and minimums on the Bachelors, Masters, and Masters +30 salary columns.

Long Term Efficiency Projects

- (1) Scheduling
- (2) Operationalizing Buildings
- (3) FTE analysis (High School FTE based on course registrations, elementary co-teaching, IEP, etc)

Metrics

- (1) DESE Tools for Data Comparison (EDWIN)
- (2) Comparative District data review (FTE, CBAs, Programs, Monitoring Results)

Tables

Table A: Original Override Projection Table for the School Department for Enrollment Growth Cost Projections FY 15 - FY22 (any field in gray requires additional verification with published reports)

Table B: Original Override Estimate Adjusted for 2016 Enrollment Report and BEU Contract only Table for the School Department for Enrollment Growth Cost Projections FY 15 – FY 22 (any field in gray requires additional verification with published reports)

Table C: Variance of Original Override Estimate Adjusted for 2016 Enrollment Report and BEU Contract only Table for the School Department for Enrollment Growth Cost Projections FY 15 - FY22 (any field in gray requires additional verification with published reports)

FY 2018 – FY 2021 Operating Budget

Copy of last published projection as it appears in the FY 2018 School Committee Budget request.

FY 2018 – FY 2021 School Department Budget Projections

The FY 2018 – FY 2021 School Department preliminary financial projection is provided in a summary format. The purpose of this projection is to provide a baseline expenditure rate of the school district for what is currently being provided. The projection does not make assumptions about

- The cost of adding new school buildings (such as the 9th Elementary School) or their operating costs,
- New initiatives,
- Employee benefit increases, or
- Technology expansion.

Salaries / Expenses	Annual Adjustments	FY17 FTE	FY17 Appropriation	FY18 Estimated	FY19 Estimated	FY20 Estimated	FY21 Estimated

Economic Assumptions

Enrollment: The projection consists of basic economic assumptions to continue at the current service provided with limited and conservative enrollment expansion of 200 students per year as supported by the 2016 Enrollment Report.

Town/School Partnership Allocation: The projection includes Town/School Partnership increases that are subject to revision annually by the allocation model currently in use.

Cost of Living Adjustments (COLA): COLA adjustments are included in each of the years and compounded once from year to year. No COLA adjustments were imbedded in the line items as it would potentially compound at a greater rate than reasonable and defensible. Review of this will be conducted as the final Union Contract negotiations are completed, Enrollment Projection and Town/School Partnership data become available.

Salaries

Cost of Living Adjustments (COLA 2%): The 2015 Override vote has a working assumption included that all contracts and collective bargaining agreements salary tables will not exceed a 2% cost of living adjustment for the near term. This assumption has been included as an overarching 2% applied to the base of the total salary budget of the prior year. The School Committee has settled all of its bargaining units and has an obligation for FY 2016, FY 2017, FY 2018 and FY 2019.

Steps (3%): A one year analysis has been completed using the 1st Quarter Financial Projection of the current employees and the step increases they will receive in FY 2018. We also do not have complete trend data for a number of years to determine if the three variables that impact this percentage increase is historically accurate. The three variables are the step at hiring of new employees on the salary table; the churn of retirees and new hires, and the number of FTEs at top step.

The average increase for all employees being used is 3%. Due to the variance by bargaining unit by bargaining unit, and the variance of the steps within each grade and step table, the analysis uses a number that is rounded up to the next whole percentage. The raw pivot table is provided below by bargaining group for information purposes without decoding the bargaining group. Note that no step increases or salary adjustments are provided for in our Administration and non-aligned employee groups where steps do not already exist. Any pay adjustments for non-aligned employees must be funded through the operating budget request process and or by School Committee adjusting the salary range for these positions. The Superintendent has discretion to designate compensation within the School Committee voted range for these employees.

Step Increase Analysis from FY17 to FY18 without COLA impact				
Group/BU Description	Sum of FY17 Projection	Sum of FTE	Sum of Step Cost	Average of %
General Fund	\$ 85,670,043	1,738.13	\$ 1,822,096.82	2.82%

Turnover/Resignations/Retirement Savings: Every year there are 70-100 employees who make decisions to leave the district for reasons that include retirement, promotion, or other life changes. It is important to acknowledge that many times these employee departures generate savings due to hiring people at a lower rate than their experienced predecessor. Therefore an amount is deducted from the projection as well as from the general operating budget request annually. The FY 2016 the assumption was \$675,000 per year for all bargaining units. In FY 2017 and FY 2018 we are using a number of \$1,000,000, which is unsustainable without monitoring it for a longer term period.

Lane Changes: Teachers are required to renew their teaching licenses every five years with the Department of Elementary and Secondary Education. A byproduct of the renewal process is often additional college coursework and credits that then result in a teacher being eligible for what is termed a "Lane Change." A Lane change occurs when a teacher moves from one degree lane/grade to another. For example, it is not uncommon for new teachers to move from a Bachelor's Lane/Grade to a Masters

Lane/Grade at maintains their same step level within a year or two years of employment. The amount used is an average \$10,000 cost impact for a lane change and 25 teachers per year will be requesting an adjustment. We do not have readily available monitoring reports on this at this time. They will be developed and trend analysis generated over time.

Enrollment Personnel (net 200 Students per year/21 student case load @ 80,000 inclusive of benefits) = 10 FTEs minimum (no COLA adjustment): Until the Enrollment Working Group finishes their projection work each year, the district has the working assumption that additional employees will be added to the district each budget cycle. At this time, barring any additional information from the Enrollment Working Group the assumption is that the district will grow a net of 200 students a year and require a minimum of ten teachers across the district.⁵ This is consistent to what the district has been added for the last few years for just classroom expansion. The assumption is that the average cost of each new FTE is \$80,000 including the cost of benefits.

Special Education/504/ Accommodations Personnel (same ratio as Enrollment as we identify and support new IEPs within the district and move ins to student rosters) = 10 FTEs minimum (no COLA adjustment): The same assumption is being used for Special Education, 504 Accommodations, and other Accommodations such as ELL, RTI, Literacy Coaches, and other district supports that may be necessary as the district's enrollment continues to rise. This is not an exact analysis and trend data needs to be built for better future predictions and adjustments. The assumption is that the average cost of each new FTE is \$80,000 including the cost of benefits.

Expenses:

CPI (2 %): Using the New England Consumer Price Index Card for a general sense of where the economy for supplies and materials, an average of 2% was selected.⁶ The actual CPI is more towards 2.6%. No additional COLA or CPI are included in other expense projections to prevent compounding.

Program Review: The district is facing updates and upgrades to its curriculum over the next few years. The \$100,000 is in acknowledgement that there may be an increment each year that needs to fund expanded online content, content development, and district wide replacement of textbooks and literacy materials.

Enrollment (\$200 per student increment for net growth of 200 students per year, no COLA adjustment): Generally, as a net number of students arrive into the district we can accommodate their supply and material needs. However, there is occasionally a tipping

⁵ Source for 200 student estimate is based on the future projection of district wide growth from the 2016 Enrollment Report, issued as a preliminary report December 2016. Summary tables included in this document.

⁶ <http://www.bls.gov/regions/new-england/cpi-summary/ro1xg01a.htm>

point at which an impact is felt and supply budgets need to be increased permanently. The district does not yet budget on a per pupil basis for supplies and materials so a loose average is being used.

Special Education/504/Accommodations (same ratio as Enrollment as we identify and support new IEPs, 504, ELL within the district and move-ins to student rosters. (No COLA adjustment): Generally, as a net number of students arrive into the district we can accommodate their supply and material needs. However, there is occasionally a tipping point at which an impact is felt and supply budgets need to be increased permanently. The estimate provided is above and beyond the general education needs. Occasionally, additional equipment is needed and required in order for students to access the education that is not available in the regular classrooms.

Out of District Tuitions: The Town is responsible for the out of district tuition expenses for Special Education, Charter, School Choice, Vocational, and Agricultural schools.⁷

We most commonly budget for Special Education Tuition. However, the Cherry Sheet deducts the cost of Charter and School Choice students along with wards of the state that are in hospital schools. The \$400,000 is included to assume an approximate 5% increase in the total tuition assessments to the Town for all types of non-Public School of Brookline costs.

Capital Improvement Planning Schedule

School Committee Capital Sub Committee:

Meeting Date and Time: 4 pm – 6 pm, 2nd Tuesday of the month, prior to Building Commission

Capital Improve Plan Schedule:

January – Deputy Supt and Director of Operations begin Capital Planning review process

1. Planning Department – project updates by other departments
2. Building Department – entrances into the building, stairs, accessible walkways
3. Parks and Recreation – Bike Racks, Playgrounds, Tennis Courts, Basketball Courts, pruning, repairs to walkway entrances into the school grounds, trash, Not funded for full site renovations
4. DPW – sidewalks,
5. Transportation Board – parking permitting, growth, management, etc.
6. Board of Health – kitchens, water, air quality, etc.

May – Planning Board Meeting to preview CIP submissions for upcoming year.

April/May Deputy Supt and Director of Operations reviews capital planning with **Principals** for Jun/July review and prioritization by

1. Planning Department
2. Building Department
3. Parks and Recreation
4. DPW
5. Transportation Board
6. Board of Health

June/July/August – Deputy Supt and Director of Operations Finalize CIP requests with department for hearing to SC Capital Sub Committee for September

1. Planning Department
2. Building Department - August (Charlie preview CIP and Update on Current Summer Projects)
3. Parks and Recreation – August (Preview CIP and Update on Current Summer Projects)
4. DPW
5. Transportation Board
6. Board of Health
7. Principal/School Site Councils – School Improvement Plan

September/October/November and remainder of budget development year.

- Use Design Review Process to develop finalizing plan
- September – Deliver Summary Report and CIP planning document for consideration.
- Follow CIP process of the Town through to Town Meeting
- Building Department Presentation on CIP Submission
- Parks Department Presentation on CIP Submission
- Other Departments presentation on CIP submissions

Monitoring Reports for SC Capital Sub Committee – Quarterly/Monthly

- Enrollment Reports – Annual Enrollment Projection,
- Monthly attendance/enrollment
- Generate Classroom Capacity Report and Plan for future years using updated enrollment reports – November
- Building Department update on Summer Projects and CIP submission to School Committee - October
- BEEP Space needs, utilization, growth management - Annual Update
- Long Range plan for space leased by School Committee (Webster Place, 64 Harvard, Temples).
- Long Range plan for Rental of School Committee owned facilities (Recreation, BACE, Extended Day, Music School, Licenses, Permits)
- Long Range Plan for High School/Baldwin Phasing (Old Lincoln, Winthrop House, Staff Day Care)
- Director of Operations monthly update on donation and gift requests.
